NORTH CAROLINA COMMITTEE ON NURSING AND PATIENT CARE  
 Martha Adams, R. N., Winston-Salem, NCSNA Representative

The North Carolina Committee on Nursing and Patient Care held its regular sessions in January, April, July and October. The principle objective of this Committee is to concern itself with activities involved in providing better patient care in North Carolina.

Through programs and business sessions the Committee attempted to explore the various programs of patient care provided by the different Health Agencies within the State. Persons involved in implementing these programs were invited to describe and interpret to the Committee the existing health care plans designed to reach as many people and to assist in the correction of as many health problems as possible. The Committee obtained better understanding of and through the news media tried to interpret to the public such health programs as:

1. Progressive Patient Care

This makes use of Health Care Programs designed to meet special needs of patients at different illness levels- Intensive Care for the person needing constant observation and comprehensive treatment; Intermediate Care for the patient whose acute stage of illness has been reduced to early convalescence; and Self Care for the patient who is able to perform for himself a fairly normal routine.

2. The Urban Home Care Program

Guilford County Health Department, through coordinated services, offers a Home Care Program that assists in rehabilitating the patient, physically, mentally, socially, and economically.

3. Home Care Program in a Rural Community

Tyrrell County Public Health officials found by using some non-professional assistants in office activities and in some patient care participation a better Home Care Program could be offered the sick in the rural areas.

4. Projected system of Education for Nursing in North Carolina

Recognizing these programs of care evolving to meet the needs of the sick in North Carolina would call for some state wide system of Education for nursing, this committee called upon the Ad Hoc Committee (appointed by the Coordinating Council of North Carolina State Nurses' Association and State League For Nursing) to acquaint it with the proposed "Guidelines For Nursing Education in North Carolina."

The Committee operating on a budget of \$335.00 circulated 12,500 copies of the brochure "I am Your Patient". This pamphlet describes in the first person, how one feels who is subjected to hospital routines and offers much clarification and a challenge to hospital personnel.

Visiting in hospitals is another area the Committee is exploring in an attempt to offer something for the improvement of patient care. Physicians and nurses evidence concern over the impact too much visiting has on the physical well being of the patient. Excessive weekend visiting has been noted as a hazard to some convalescing patients. The Committee plans to continue this project of study through the coming year with the hope that some kind of helpful suggestion might be forthcoming.

NORTH CAROLINA MENTAL HEALTH COUNCIL

Martha Clyde Davis, R. N., Chapel Hill, NCSNA and NCLN Representative

The North Carolina Mental Health Council, established by law in 1945, is made up of representatives from about thirty agencies or organizations within this State, all of which are concerned and interested in the mental health of the people. This Council has a schedule of quarterly meetings which are set up to coincide with the University year. A report from this group is made to the Governor annually along with recommendations for improvement of mental health within this State.

This past year meetings were held on the following dates: September 13, 1963; December 13, 1963; March 13, 1964; and May 22, 1964. The year's chief topic of ongoing interest and responsibility was the State Mental Health Planning Project which officially began on Labor Day, 1963, and which has proceeded systematically under the able direction of Dr. Harvey L. Smith. A resume' of all major topics and activities at the quarterly meetings will be summarized below.

At the September meeting, the Council heard a report from Mr. H. J. Hickes, Chairman of the Careers Committee of the North Carolina Mental Health Association. Mr. Hickes presented to the council the following recommendations: 1) The establishment of an intraservice program which would provide experiences for high school and college students within the framework of mental health clinics, psychiatric wings of local hospitals, State hospitals, etc.; 2) The establishment of a summer program for college and high school students involving an actual workday over a period of weeks or months within the framework of State institutions, local mental health clinics, social rehabilitation houses, and hospital psychiatric wings; 3) The provision for inservice training in institutions throughout the State to be given college credit toward certificate renewal or for practicum training. (No remuneration to be given except possibly travel expenses.) It was recommended that fall regional workshops on occupations be developed in areas of the State served by regional vice presidents and that all persons interested in mental health be included; 4) An evaluation of the special education program provided by the State Department of Public Instruction as to its supportive role in the field of mental health. This would include the services available to parents in helping them understand the program and make a good adjustment; 5) Provision for a program of field work as a part of the college program in the area of education which would enable college students to do inservice work for credit as part of their college course in the fields of mental health, special education, and so forth; 6) That the State Mental Health Association, with the support of local associations, provide the direction and funds necessary for the publication of a bulletin reflecting the above recommendations which would be circulated throughout the State.

The need for statewide planning in the area of mental health careers was recognized. It was stated that the North Carolina Mental Health Association planned to work with the Department of Mental Health; also through the North Carolina Health Careers project of the North Carolina Hospital Education and Research Foundation; and with the North Carolina Health Council.

It was reported that the State had been divided into six districts, each of which had a Health Careers coordinator. The North Carolina Health Council furnishes an advisory committee and Health Careers News already goes to all the State's high schools.

Dr. Charles Vernon was asked to report on the use of volunteers in the State mental hospitals and centers for the retarded. He commented on: 1) The part-time employment of seminary students as paid hospital attendants at Dorothea Dix Hospital during the summer; 2) A special project with cottage parents carried out at one of the schools for the retarded whereby sociology students from the University of North Carolina gained college credit for field service; 3) College students' work with children in play therapy sessions under supervision in certain special projects in the community clinics, etc.

Mr. Hickes elaborated on how he had helped meet the problem of the lack of sufficient personnel for special education classes for

the retarded, the brain damaged, and the emotionally disturbed in the Charlotte Schools. High school students were hired at a hundred dollars a month to act as teachers' assistants. The students worked from 9:30 to 1:30, going to their own classes in the afternoon and perhaps in the evenings. (Some 25-30 have annually been employed, and the plan seemed to work well. Five or six of these students have since decided to go into the special education field as a career.)

Your previous representative, Miss Johnson, reported that at Duke some seventy undergraduate students regularly worked on the hospital wards and that approximately forty per cent of these students usually decided to enter one of the helping professions. Miss Johnson expressed the opinion that while practical field work is very helpful in recruitment, quick tours of state hospitals by groups of high school students are likely to give wrong impressions and perhaps set the students against going into any profession concerned with health.

A course at the University of North Carolina at Greensboro which requires field work was discussed. Students in the course are placed in mental health centers, county departments of public welfare, family service agencies, YWCA's, alcoholic information centers, etc. Several of these students have chosen health careers.

Following the report of the Careers Committee of the North Carolina Mental Health Association, copies were distributed of a preliminary draft of "Action for Mental Health in North Carolina" (a summary of reactions to the Report of the Joint Commission on Mental Illness and Health, together with recommendations for North Carolina from the various agencies and organizations represented on the North Carolina Mental Health Council). Members were asked to take copies of these summaries back to their organizations to see if there should be any changes or additions prior to the Policy Committee's preparation of the final draft. (See NCSNA Convention Reports, October 1963, for Betty Sue Johnson's report on the response from Nursing to Action for Mental Health.)

Dr. Smith presented to the Council a general outline of procedure for the Mental Health Planning Project. He visualized that work should go ahead on three different levels. The first would be to use the report of the Policy Committee ("Action for Mental Health in North Carolina") as a springboard from which to get down to details; to find out how each agency or organization would implement its suggestions; to make some specific plans; arrive at price tags; set priorities, etc.

At the second level, it was proposed to focus upon needs and definitions at the lay and local level; to set up county mental health councils; to develop mental health services at the local level, in the community general hospital, etc.; to know more about preventive services, how they function, and what others are needed; to know the relation between the new mental health centers and the general hospitals, community clinics, etc.; to know how many personnel and how much training will be needed to staff the new mental health centers; to know the cost.

At the third level, the planning staff was concerned with gathering pertinent data of all kinds on types of population, rates of crime, juvenile delinquency, numbers of mental patients, distribution of mental health resources, etc.

Following Dr. Smith's presentation, a report was given on the annual meeting of Chief Psychologists in State Mental Health Programs with National Institute of Mental Health psychologists in Philadelphia, August 27-28, 1963. A summary of the mental health activities of North Carolina during the past year was presented.

Final business at this meeting included an announcement of the opening of the Cherry Rehabilitation Center on September 23, 1963. (This facility is for the rehabilitation of emotionally disturbed children, as well as the retarded.)

At the December meeting, Dr. Eugene Hargrove was re-elected as chairman of the Mental Health Council and Dr. Dorothy Park Griffin as secretary for the ensuing two-year term.

Dr. Smith introduced members of the Mental Health Planning Project Staff. They were: Mr. Joseph Iella, who was to work in the area of community mental health; Mr. Robert Pickard, who was to work with State agencies, professional, and lay groups; Mrs. Marsha Nunn, who was to direct the internal studies for the base line survey; Mr. Gerald Hunt and Mr. Josef Perry, who were to do survey research.

The December meeting was devoted to a presentation of more detailed plans of the Mental Health Planning Project Staff. Recognizing that the Mental Health Council constitutes a skeletal framework of all the agencies and organizations in the State which are particularly interested or engaged in mental health activities, the director decided to work through their county representatives to help set up county mental health planning councils. Six state agencies including the State Board of Health, The State Board of Public Instruction, The State Board of Public Welfare, the State Medical Society, the State Mental Health Association, and the North Carolina Association of County Commissioners were asked to send out letters to the local agencies concerning the organization of county mental health councils.

It was reported that the State Medical Society was engaged in organizing a mental health section in each of the county chapters and was beginning to formulate programs in the fields of public education, physician education, alcoholism, and services to children. Although this work was still in the organizational stage at this time, it was recognized that it should prove very helpful to the County Mental Health Planning Councils.

It was announced that the State would be divided into ten to twelve areas for regional meetings to discuss problems, possibilities for solutions, reasonable goals (present and ultimate), and how to achieve them.

A comprehensive Mental Health Planning Guide for the use of the county councils was developed by the Project Staff. Initial contacts with counties were to begin in January, 1964. It was hoped that in counties where no mental health planning had been done, some could be initiated and that planning which was already underway could be coordinated. At this time, baseline data of all kinds were being collected for all the counties.

The Planning Project staff recommended that a Division of Statistics be set up within the Department of Mental Health to collect data on a regional, county, and institutional basis.

Need was also recognized for an interagency data facility which would be a statistical clearinghouse for the State. This recommendation was referred to the executive planning committee for the Mental Health Planning Project.

The third meeting of the Council was held in March. Prior to this meeting, the final draft of the report of the Policy Committee on "Action for Mental Health in North Carolina" was mailed to Council members. This report was approved by the Council at the March meeting. By a unanimous affirmative vote, it was recommended that this report be sent to the Mental Health Planning Project staff for its use in the work with Mental Health Council agencies and organizations and that a copy of the report also be included in the annual report to the Governor from the Mental Health Council.

At the March meeting, Dr. Smith was again asked for a progress report of the Mental Health Planning Project. A chart showing organizational relationships in the Mental Health Program Planning Project was shown on the screen and discussed briefly. (A copy of that chart is appended to this report.)

Dr. Smith reported that some of the baseline data for planning had been collected and distributed as Supplement No. I of the Comprehensive Mental Health Planning Guide for county mental health planning councils. County data were available in a great many areas, such as population, economic life, occupations, employment, family life, education, social disorganization (suicides, juvenile delinquency, white and non-white illegitimate births), and the use of mental health and state hospital facilities.

The purpose of the planning guide was explained, i.e., to help the county mental health planning councils make a complete inventory of resources, operations, and needs. Dr. Smith stressed that both primary and secondary mental health agencies and organizations with their professional staffs and associations should be considered in the planning, as well as all civic clubs, community programs, and other enterprises having some indirect effect on mental health.

The collected data were to be reviewed in light of: 1) the new goals for mental health which are now guiding developments in this field; 2) the suggested services and facilities for achieving these goals; and 3) the general guide lines which undergirded the inventory

and assay of resources. Areas of need which emerged were then to be assigned priorities in the order of the urgency which local planners felt they represented.

Local planners were to submit their county plans to the State Mental Health Project staff during the summer of 1964. These county plans were to constitute the building blocks of the mental health plan for the State of North Carolina.

Dr. Smith reported that the mountain areas had moved with good speed in organizing the planning councils, that the piedmont was also fairly well organized, but the eastern part of the State had not moved so quickly.

Following Dr. Smith's report, an announcement was made of the availability of additional psychiatric services at the Juvenile Evaluation Center now available through cooperation with the State Department of Mental Health. The availability of Federal money for regional workshops and specialized training in problems of mental retardation was also announced (under the Joint University of North Carolina - Murdoch Center Inservice Training Institute in Mental Retardation).

The matter of membership of the North Carolina Mental Health Council was introduced. Since the Council had no policy regarding who should be admitted as a member of the Council (beyond what is stated in the law), the task of studying and determining recommendations for such a policy was referred to the Policy Committee. However, it was approved by the Committee and a motion was passed which recommended that the Old North State Medical Society be invited to send a representative to the Mental Health Council.

The May meeting was devoted to an interesting report by Dr. Myron Sandifer on current programs in mental health research in North Carolina's State hospitals, Centers for the Retarded, and Alcoholic Rehabilitation Center at Butner.

A progress report from the Director of the Mental Health Planning Project was also heard. Dr. Smith reported that it was time for the first published report of the Mental Health Planning Project to the National Institutes of Mental Health. This report was expected to cover a description of the plan of organization, the recruitment of staff, aims, activities, work with survey research, with agencies, professions, and county mental health councils.

Dr. Smith announced that about eighty county councils had thus far become involved with the project and that twenty-five or more agencies in the State Mental Health Council were cooperating closely with the Planning Project staff.

The following plans were announced: 1) to hold regional meetings in the fall to review possibilities for regional mental health centers; 2) to conduct summer surveys which would compare the incidence of mental illness and health with mental health resources, professional

people, etc; 3) to collect data on ministers serving the poor in rural areas; 4) to study referrals to mental health resources; 5) to investigate persons in universities studying to be psychologists or psychiatrists with the aim of learning how more of these people might be retained in North Carolina.

At the May meeting, the Policy Committee asked for more time to develop a definite policy regarding membership in the Mental Health Council (since the law was not entirely clear and it seemed that it might be necessary to obtain an interpretation from the Attorney General).

This was the last meeting of the Council during this fiscal year. The next meeting was planned for Friday, September 18, 1964.

My appointment in March, 1964, as representative of the North Carolina State Nurses' Association and the North Carolina League for Nursing to the North Carolina Mental Health Council followed the resignation of Miss Betty Sue Johnson, who served as representative up to that time. Since the North Carolina Mental Health Council has a schedule of quarterly meetings, Miss Johnson was your representative at the September, December, and March 13 meetings. The final meeting of the fiscal year held on May 22, 1964 was the only one I attended as representative for the Nursing Organizations.

The enclosed summary has, therefore, been compiled from written proceedings of the three meetings Miss Johnson attended, along with my report from the final May session.

I am grateful for the honor and challenge afforded me as representative of our State's Nursing Organizations to this very important Council. To the best of my ability, I shall try to continue the very fine work begun by Miss Johnson and her predecessors. I shall try to keep nursing in the fore and to utilize opportunities afforded me not only to emphasize the contributions nursing can make but to also point out how nurses can work cooperatively with members of other disciplines in a joint collaborative effect to improve the mental health of our citizens.

#### NORTH CAROLINA MEDICAL CARE COMMISSION

Mrs. Margaret B. Dolan, R.N., Chapel Hill, NCSNA Representative

The Commission held its regular quarterly meetings on the following dates: December 13, 1963; March 20, 1964; June 19, 1964; and September 18, 1964.

In addition to the usual business of approving project requests for the construction of hospitals, health centers and other health care facilities the Commission has taken significant action in other areas.

During the last year a large portion of funds appropriated

The flower system is composed of many flowers, each flower having a single stamen and a single pistil. The pistil is composed of a single ovule, which is the seed of the plant. The stamen is composed of a single pollen grain, which is the pollen of the plant. The plant is a flowering plant, and it is a seedling.

 **method** and 2. **self**. I think changing **method** is better than changing **self** because   
 they exist in the local scope of your function. I would suggest changing **method** to **method\_name** and **self** to **self\_name**. This way, when you are setting the value of **method** or **self**, you are not going to   
 be writing **self.method\_name** or **self.method\_name = value**. Instead, you can just write **method\_name** or **method\_name = value**. This makes the code easier to read and understand.   
 I would also suggest changing the **method** and **self** variables to **method\_name** and **self\_name** respectively. This way, when you are setting the value of **method** or **self**, you are not going to

have gone for expansion and rehabilitation of existing facilities rather than for construction of new facilities.

For some time, it has been apparent that the advice of a registered nurse was needed in respect to all three programs administered by the Commission. Nursing consultation in hospital planning could help refine hospital projects. Nursing advice was needed in respect to the applications for scholarships under the student loan program. The Commission unanimously authorized such a position. The position was filled in March, 1964.

During the year the Commission revised the Rules and Regulations for Hospital Licensure. This is the first major revision since they were adopted in the early years of the program. This revision represents several years of study and is a result of the cooperation of the Department of Hospital Administration at the University of North Carolina, which has researched the various standards applying to hospitals and those used in the licensing programs of other states.

By unanimous action the Commission endorsed the concept of voluntary community and areawide planning councils as a means of coordinating health facilities and services, reducing construction costs and assisting the Commission in determining priorities.

Governor Sanford has designated the Medical Care Commission as the State Agency to administer the recently authorized Federal programs for constructing mental health centers and facilities for the mentally retarded. The Commission will work closely with the State Department of Mental Health in inaugurating these programs.

At the present time, the Commission handles seven different student loan programs involving five separate accounting codes. Each carries a specified appropriation. In view of the complexity of the many separate accounts set up within the student loan and scholarship program and in order to utilize all funds to the best possible advantage the Commission will request the General Assembly in 1965 to combine the funds into one general account and the Commission be empowered to allocate at its discretion funds needed to finance the various programs authorized.

Budget requests for Student Loans and Scholarships for the current and next biennium are as follows:

1964-65 .... \$95,500.	1966-67 .... \$130,000.

Budget requests for state funds for capital improvement are as follows:

Two significant retirements of members of the Commission occurred during the year. Mr. Sample Forbus, an original member of the Commission, who was instrumental in the establishment of the Commission, and Mr. Agnew Bahnsen, Sr., who had served the Commission for eight years as Vice Chairman from 1956 and since 1961 as Acting Chairman. Both men have made significant and outstanding contributions to the Commission.

Along with the Board of Higher Education and the State Board of Education, the Medical Care Commission sponsored the study of the needs in nursing education in North Carolina. The Commission requested the Duke Endowment through the North Carolina Hospital Education and Research Foundation to assist in financing the study. The study was conducted by Mr. Ray E. Brown of Duke University. The report was published in July, 1964, "Report of Survey of Nursing Education in North Carolina." Every member of the State Nurses' Association will want to acquaint herself with the findings and recommendations of this study.

Members of the Association will be interested in the following information concerning the Scholarship Program to help prepare nurse instructors for our Hospital Schools of Nursing.

#### COMMITTEE ON BYLAWS AND STUDY OF ANA FUNCTIONS

Mrs. Rebekah J. Burriss, R.N., Carolina Beach, Chairman

The other members of this Committee are: Mrs. Betty C. Eller, Greensboro; and Mrs. Carlee B. Jenkins, Raleigh.

The Committee on Bylaws and Study of ANA Functions met September 2, 1964 in NCSNA Headquarters to review the 1964 edition of the Model Form for Bylaws for State Nurses' Associations. Several proposed amendments to the Bylaws have been recommended by the committee and/or the Board of Directors and approved by the Board.

These proposed changes are necessary to bring NCSNA's Bylaws into conformity with those of the American Nurses' Association. ANA requires SNA and district conformity in the areas of qualifications and privileges of membership, dues, duties of certain officers, representation at national meetings, and a new area of disciplinary action. Because ANA Bylaws were amended in these areas at the 1964 biennial convention, state and district associations now must bring their Bylaws into conformity. Districts will receive guidance soon from NCSNA in how

the problem of how to make a good decision in this situation. The answer is that the best decision is to do nothing. It is important to remember that the more time you spend trying to come up with a good answer, the more time you will be spending away from your work.

to amend their Bylaws to conform with ANA.

The proposed amendments to NCSNA Bylaws provide for a new membership arrangement for new graduates. For one-half of one year's dues, the new graduate may belong to the Association for the remaining months of the year of graduation and licensure and for the first full calendar year thereafter.

A new Article is proposed providing for disciplinary action against a member who violates the professional Code of the Bylaws of the association. This addition to the Bylaws would establish the association's responsibility for enforcing the Code and makes members subject to disciplinary action for code violations.

The following are the proposed revisions to the NCSNA Bylaws:

#### COMMITTEE ON CONVENTION PROGRAM

Mrs. Eloise R. Lewis, R.N., Chapel Hill, Chairman

The NCSNA Committee on Convention Program is charged with the responsibility of: (a) developing the convention focus, (b) formulating a convention program schedule, and (c) selecting the subjects for the general sessions.

The Committee met on Tuesday, May 12, 1964, to discharge the responsibilities given above. Due to the pre-planning by the program committees of each section prior to the state-wide meeting, the plans were formalized in the one-day meeting. The program as presented to the membership at the 1964 Convention is evidence of the efforts of the Committee.

Other members of the Committee are: Mrs. Elinor Medlin, Charlotte; Mrs. Martha Castevens, Kernersville; Myrtle Barnette, Winston-Salem; Mrs. Marjorie C. Gray, Charlotte; Mrs. Gwendolyn Chapman, Charlotte; Mrs. Juanita M. Clontz, Charlotte; and Mrs. Marjory Pearsall, Greensboro.

#### COMMITTEE ON ECONOMIC AND GENERAL WELFARE

Mrs. Mary K. Kneedler, R.N., Cullowhee, Chairman

Other members of the Committee are: Mrs. Ruth F. Peters, Fayetteville; Martha Adams, Winston-Salem; Mrs. Gladys M. Poindexter, Winston-Salem; and Mrs. Helen M. Ray, Smithfield.

This has been a year of considerable Economic Security activity by the staff, which carries out the Association's Economic Security Program in assisting and guiding nurses employed in specific hospitals to improve their working conditions. There have been four situations in which the staff has given a great deal of time and engaged in considerable field work. Widely known as the "Giant of the Rockies," this tree is a true giant, standing 100 feet high and 12 feet in diameter at the base. It is a fine example of the old growth timber that once covered the mountain slopes. The bark is thick and deeply furrowed, with prominent lenticels. The trunk is straight and free from blemishes. The wood is light-colored and has a fine, even grain. The tree is in excellent condition and is a valuable addition to any collection.

lating proposed improvement in personnel policies, participating in meetings and conferences. Throughout these activities the Committee on Economic and General Welfare has been kept informed of problems and progress.

During 1963, the year in which this Committee was activated, plans were made for staff visits to federally-operated hospitals in this state to inform nurses of their privileges under Executive Order #10988 to be represented by their professional organization in collective bargaining. These visits were carried out during the summer and early fall of 1963. Soon thereafter, however, the Veterans Administration issued an interpretation of Executive Order #10988 to the effect that no person can represent two sides at the bargaining table. VA therefore ruled that VA nurses in supervisory positions or above would be unable to serve as officers or committee members in their professional association on any level if recognition for bargaining was granted to nurses association spokesmen. This ruling by VA caused the Committee on Economic and General Welfare, as well as nurses throughout the country, considerable concern. The ANA Board of Directors early this year reviewed its position on representation of VA nurses, in light of the VA ruling and with regard to the threat to membership in ANA by VA nurses. The ANA Board decided to urge VA nurses to withdraw their requests for collective bargaining representation by SNA spokesmen, fearing that the VA ruling might also set a precedent for other employers of nurses. NCSNA ceased its efforts to inform all federally-employed nurses in this state of the services provided through the NCSNA Economic Security Program. At the ANA convention in June, the ANA House of Delegates voted that when and if it is necessary, ANA will request President Johnson to intervene in this conflict of interest ruling by VA which denies nurses in VA hospitals their rights under Presidential Order #10988.

In August of 1964, the 1964 Report of the Study of Nursing Education in North Carolina was released by the North Carolina Board of Higher Education, the Medical Care Commission, and the State Board of Education. The Committee on Economic and General Welfare participated in a conference on September 10, 1964, at which the NCSNA Board of Directors and appropriate committees studied the implications of this report. The Committee held a meeting later in the day and drew up the following recommendations to the NCSNA Board of Directors:

1. That NCSNA sections be asked to review their minimum employment standards with a view toward making them more realistic, in relationship with standards of other NCSNA sections as well as in terms of making nursing as a career more competitive with other professions.
2. That the possibilities be investigated of obtaining a study of current salaries of nurses in this state by some department or service at a state university or college or by some graduate student qualified to make such a study; and further, that assistance be obtained from university sources, if possible, in developing reliable criteria as a basis for minimum employment standards.

3. That NCSNA commend the three agencies sponsoring the Report of the Study of Nursing Education in North Carolina for their timely report and for its potential contribution to the public as well as to nursing education and the general welfare of nurses.

These recommendations were approved by the NCSNA Board of Directors at a meeting also held on September 10. In arriving at its recommendations, the Committee on Economic and General Welfare was impressed with the strong position taken in the Report on behalf of improving the economic conditions of nurses in order to attract recruits into the profession.

Plans have been announced by ANA for a series of regional conferences on the Economic Security Program for SNA staff members carrying responsibilities in this area. The conference for this region is scheduled for December 13-14, and it is planned that the NCSNA Executive Secretary will attend to participate in this learning session.

#### COMMITTEE ON FINANCE

Mrs. Eva W. Warren, R.N., Greenville, Chairman

Other members of the Committee are: Mrs. Mary Edith Rogers, Belmont; Mrs. Lucille S. Mahood, Winston-Salem; and Mrs. Billie Jean Murrell, Jacksonville.

The Committee on Finance met with the President, Mrs. Ruth F. Peters, at Headquarters Office in Raleigh on October 9, 1964. A review was made of the income and expenditures for 1963 and from January 1, 1964 to September 7, 1964. The expected needs of the North Carolina State Nurses' Association for 1965 were carefully weighed against the income. A proposed budget for 1965 was prepared for consideration by the Board. The proposed budget provides little for new or expanding programs of work. An increase in membership would provide for these.

The income, budget and expenditures of the Association for 1963 are as follows:

COMMITTEE ON LEGISLATION  
Atha Howell, R.N., Greensboro, Chairman

Other members of the committee are: Myrtle J. Barnette, Winston-Salem; Mrs. Mary C. Davison, Hillsboro; Mrs. Margaret Dolan, Chapel Hill; Mrs. Mable Moore, Raleigh, Mrs. Kathleen G. Taylor, Winston-Salem; and Mr. Eugene Smith, Charlotte.

The Committee on Legislation held two meetings during the year.

At the first meeting on May 20, 1964, there were three items discussed. They were: (1) the proposed draft for up-dating the North Carolina Nurse Practice Act; (2) the possibility of legislation in 1965 for state support to hospitals conducting schools of nursing; and (3) the Nurse Training Act of 1964.

Miss Carrie Spurgeon, Executive Director for the Board of Nurse Registration and Nursing Education, met with us to discuss the proposed changes for up-dating the Nurse Practice Act. She reviewed the draft and explained the reasons the Licensing Board felt changes were needed. The Committee felt we should endorse the proposals, offer testimony, and promote understanding of them through our regular bulletins and communications, provided the proposals embody four recommendations made by the Committee to the Nursing Board. They were: (1) There is a need to differentiate, in the definition of the functions of the Licensed Practical Nurse, between the functions of the LPN and those of the unlicensed aide, attendant, or nurse assistant. (2) The Committee suggested that the proposed fee schedule be changed to lower the biennial renewal fee from the proposed \$6.00 to \$5.00 for both professional and practical nurses. The fee for reinstatement of lapsed license for professional and practical nurses would be altered accordingly, if the \$5.00 biennial renewal fee is acceptable. (3) The Committee strongly urged that notice be sent within a reasonable time before biennial renewal of license. It was suggested a reasonable length of time to mail the notice was 60 days prior to the expiration of license. (4) The Committee felt that requiring proof of competence to practice for reinstatement or for returning to active status from the inactive list is certainly desirable, but the Committee urged spelling out in the law, as far as possible, what the criteria should be for proving competence to practice.

The second item considered by the Committee was the possibility of legislation being introduced during the 1965 General Assembly for state grants to hospitals conducting schools of nursing. The Committee felt the North Carolina State Nurses' Association should stipulate that certain conditions be met if our Association is asked to support such a measure. They were: (1) that the money be administered by the school of nursing; (2) that the grant program be administered by a state educational agency; and (3) that grants be made only to state accredited schools whose students consistently have a passing rate of 80 per cent and continue to maintain this passing rate.

The third item concerned the Nurse Training Act of 1964. The

Committee stressed the need to encourage nurses to contact their Congressmen regarding the need for the enactment of this legislation. There were indications many nurses had already contacted either personally or by other means their Congressmen and other Congressmen who are chairman of the Committee on Subcommittee considering this important bill.

The second meeting of the Committee was a joint meeting with the NCSNA Board of Directors, members of the NCSNA Committee on Economic and General Welfare, and nurse members of the Special Committee on Nursing Education of the North Carolina League for Nursing and NCSNA. This meeting was held on September 10, 1964. The purpose was to discuss the recommendations of the 1964 Report of the Survey of Nursing Education in North Carolina. After the group discussion the Committee on Legislation met to discuss the legislative implications of the report, especially recommendation number eight: "The North Carolina laws relating to nursing education should be revised so as to provide for more administrative discretion by the higher education institutions, in order to permit the necessary flexibility in developing the most appropriate pattern of nursing education for the future." Miss Carrie Spurgeon, Executive Director, and Dr. Eloise Lewis, member of the Board of Nurse Registration and Nursing Education met with us for a part of our meeting. They explained that the Nursing Board's Legislative Committee's recommendations regarding the up-dating of the Nurse Practice Act were being incorporated into a draft by the Institute of Government for the purpose of legalizing the terminology and developing format. It will be ready for review by the Executive Committee of the Nursing Board at a meeting on September 28, 1964. It will then be sent for review to the organizations concerned with its implementation. It is expected that the NCSNA Committee on Legislation will meet again for this purpose in early October. During this meeting the Committee on Legislation formulated a recommendation that was presented to the NCSNA Board of Directors later in the day. It was as follows: "The Committee on Legislation recommends to the NCSNA Board of Directors that NCSNA cooperate with the Medical Society of the state of North Carolina, the North Carolina Hospital Association, the North Carolina League for Nursing, and the Nursing Board in studying the need for proposing appropriate revisions to the Nurse Practice Act."

#### The Legislative Council

The following six items are being proposed by the North Carolina Legislative Council for introduction during the 1965 General Assembly:

1. Strengthening the Adoption Law to protect all children released for adoption.
2. Allowance to an employed person of state income tax deductions for wages paid for the care of dependents.
3. Motor vehicle inspection - Safety equipment check.
4. Partial or complete abolition of capital punishment.
5. Establishment of a statewide system of family courts.

## 6. Raising the juvenile age.

At this writing it has not been decided which of the above will be in Program I or Program II. It is hoped you read the June Tar Heel Nurse for the explanation of these items.

### Federal Legislation

We are all gratified that the Nurse Training Act of 1964 was passed by Congress, then signed by President Johnson on September 4, 1964. Although we did not get all we desired, it is a step in the right direction. Two of the provisions deleted by Congress were: scholarships for students entering collegiate schools of nursing and the planning grant's program.

The bill does provide: (1) a five-year loan program for students in schools of nursing, with a forgiveness clause of ten per cent each year up to five years of service following graduation; (2) the incorporation of the Traineeship Program which we have formally known as Title II of Health Amendments Act; (3) project grants to assist schools of nursing in meeting costs of projects of limited duration to strengthen, improve or expand their programs; (4) a subsidy program for diploma schools of nursing and (5) a four-year program of construction grants for new facilities, expanding existing school and replacement or rehabilitation of teaching facilities in an effort to increase enrollment.

Congress approved the extension of Graduate Public Health Traineeship which was formally known as Title I of the Health Amendments Acts. This provides funds for all disciplines in public health practice.

COMMITTEE ON MEMBERSHIP PROMOTION  
Mrs. Pauline Ashley, R.N., Concord, Chairman

Other members of the committee are: Joan P. Barnhardt, Salisbury; Ann D. Pace, Durham; and Doris Nichols Durham.

The Membership Committee participated in a program to the Advisory Council on October 22, 1963, during the Annual Convention. The topic was Membership Promotion with a special guest speaker, Mrs. Elizabeth D. Scarlotos, Director of Membership Promotion for the American Nurses' Association. Personal contact with non-member nurses and new graduates was discussed as the best approach to membership promotion. Display posters and table top exhibits were discussed and displayed for those in attendance. Membership kits were distributed to presidents or membership chairmen of districts.

Lists of all active nurses in each district were distributed to the district for use in contacting non-members in October 1963 prior to the convention.

One meeting of the Membership Committee was held in 1964 to consider a recommendation which was presented to the House of Delegates at the closing business session of the Annual Meeting in October 1963

that the districts be given courtesy membership cards for distribution at a special meeting for this purpose to graduating nursing students.

The Membership Committee recommended that the courtesy membership cards be distributed according to the established procedure sending courtesy card to the graduate with lists of counties included in each district and a list of district officers and instructing the graduate to have card signed by a district officer; or to make cards available to districts requesting courtesy membership cards for distribution at a special program session.

Membership promotion materials have been distributed for the coming year encouraging use of poster and display materials as well as personal contact with prospective members.

It is hoped that the reduction in dues for the new graduate will result in a larger percentage of membership among our beginning practitioners in nursing.

A survey of membership in 1963 shows how great the potential is as well as distribution by section. This percentage of the total number practicing is as follows:

	<u>No. Practicing</u>	<u>Members</u>	<u>Per Cent</u>
Private Duty	1426	1029	72.2
EACT	454	305	67.2
Public Health	625	327	52.3
NSA, HN ) General Duty)	6872	1383	20.1
Occupational Health	332	39	16.8
Office Nurse	1146	101	8.8

The mid-year membership tally revealed an increase of 245 members on June 30, 1964 over that of June 30, 1963. As of August 31, 1964 total membership was 3308 as compared to 3242 at the end of 1963.

COMMITTEE ON NOMINATIONS  
Paulyne Kenney, R.N., Burlington, Chairman

Other members of the Committee are: Inez Finch, Wilson; Mrs. Ruth Wade, Concord; Mrs. Nancy Saunders, Winston-Salem; and Elizabeth Holley, Chapel Hill.

The Committee met in Headquarters Office, Raleigh, June 3, 1964, to nominate officers for the North Carolina State Nurses' Association for 1963-1964. Pursuant to the NCSNA Bylaws, this Committee sent

communications on February 1, 1964, to district associations requesting suggestions from DNA's for the NCSNA ballot and from district sections for the various state section ballots. The Committee wishes to thank the districts for their suggestions and their cooperation and urges all districts and members in the future to participate in the formulation of the slate by making suggestions. Every effort was made to select several qualified candidates for each office, representing the various geographic areas, sections, and districts insofar as possible.

Also, the Committee wishes to thank the nominees for their willingness to serve.

The NCSNA Committee on Nominations presents the following list of nominees for officers of the North Carolina State Nurses' Association for the coming year:

COMMITTEE ON NURSES' PROFESSIONAL REGISTRIES  
Mrs. Katheryn T. Peebles, R.N., Raleigh, Chairman

Other members of the Committee are: Mrs. Pauline Priest, Fayetteville; and Mrs. Ruth Jacokes, Durham. The Committee had one meeting during the year.

Members of the Committee on Nurses' Professional Registries participated in the Workshop for Registrars of Nurses' Professional Registries which was held at Rex School of Nursing, Raleigh, September 15, 1964. Chairmen of district committees on nurses' professional registries and presidents of district nurses associations were also invited. Thirty-one nurses attended the Workshop, eight of which were registrars and six were chairmen of registry committees of DNAs. Eight of the eleven Nurses' Professional Registries were represented and there was good participation in all discussions. The Workshop Program consisted of the following topics:

History of Professional Registries and Private Duty Nursing,  
Public Relations Aspect of the Nurses' Professional Registries as  
a Community Service,  
Objectives, Functions, Standards, and Statement of Principles for  
Nurses' Professional Registries,  
Organization and Registry Rules,  
Minimum Standards of Employment of Registrars,  
Functions and Standards of Practice of the Registrar,  
Functions and Responsibility of the Registry Committee, and  
Self Evaluation of Private Duty Nurses.

Participants in the Workshop Program were as follows: Mrs. Katheryn Peebles, Chairman, NCSNA Committee on Nurses' Professional Registries; Mrs. Pauline Priest and Mrs. Ruth Jacokes, members of the Committee; Mrs. Marie B. Noell, NCSNA Executive Secretary; Helen E. Peeler, NCSNA Associate Executive Secretary and Counselor; Mrs. Frances Miller, NCSNA Assistant Executive Secretary; and Anna Wolfgang, ANA staff member in charge of Registry Program. Miss Wolfgang attended the Workshop and participated in the discussions as a part of her ANA orientation.

Miss Wolfgang and Miss Peeler visited six Nurses' Professional Registries in the state--Raleigh, Durham, Salisbury, Charlotte, Greensboro, and Winston-Salem. This also was a part of her ANA orientation.

The members of the Committee wish to express their grateful appreciation to members of NCSNA Headquarters Staff for the excellent planning of the Workshop.

COMMITTEE ON PROFESSIONAL COUNSELING AND PLACEMENT SERVICE  
Dorothy Wilkinson, R.N., Durham, Chairman

Other members of the Committee are: Mrs. Mary Steele Fox, Winston-

Salem; Mrs. Peggy Jones, Raleigh; and Mrs. Dorothy A. McCracken, Asheville.

The primary functions of this Committee are: 1) To serve in an advisory capacity to NCSNA, 2) Formulate policies which serve as a basis for operation of the State PC & PS, 3) Assist in promoting the State PC & PS, and 4) Establish criteria to be used in developing, maintaining, and evaluating the PC & PS on the district level.

This Committee has not met during this year, but it is hoped that each member has been active in promoting and interpreting the PC & PS program.

The NCSNA Counselor has kept the PC & PS committee chairman informed as to the proposals about the future of PC & PS which were discussed at the ANA Convention. Also these proposals were referred at the midyear meeting to the NCSNA Board of Directors for their information. The ANA House of Delegates in session in Atlantic City in June voiced their desire for the service on the National level, rejecting choices ranging from charging fees for ANA PC & PS to discontinuing the program.

The delegates voted to call on ANA Board of Directors to direct appropriate groups to work out a National program which would be more effective and cost no more than the present one.

COMMITTEE ON PROFESSIONAL NURSING PRACTICE  
Mrs. Edith P. Brocker, R.N., Durham, Chairman

Other members of the Committee are: Lois K. Galer, Greensboro; Mrs. Evelyn Sparks, Asheville; Mrs. Loraine Daniels, Raleigh; Mrs. Katherine Craig, Black Mountain; Mrs. Ruby Thomas, Wilmington; Mrs. Julia McGee, Colerain; Mrs. Bonnie Comer, Concord; Frances Sellers, Raleigh; and Carrie Spurgeon, Raleigh.

On March 5, 1964, the Committee met for one all-day session with an interesting agenda:

1. Orientation to the history and tasks of the committee for the new members.
2. Review of and revision of proposed answers to the questionnaire, on our Committee activities, which is requested annually by ANA.
3. Discussion of the ANA brochure on Procedural Suggestions for State Nurses' Associations in Supporting the Nurse Practitioner in the Area of Dependent Nursing Function.
4. Problems relating to the practice of nursing.
5. Future activities of the committee.

Action taken at the meeting:

1. Unanimously approved the Procedural suggestions or Guidelines in the area of dependent nursing functions and recommended to the Board of Directors of NCSNA, "This procedure as a good and appropriate procedure for studying and discussing problems within the dependent area of nursing function."

2. After much deliberation and consultation with Attorney William C. Lassiter on The Amended Rules and Regulations of the N. C. Board of Pharmacy (October 15, 1963) which have clear implications for the nurse and the quality of nursing practice in North Carolina, the committee voted to present the matter to the NCSNA Board of Directors at their regular session on March 18. In essence the N. C. Board of Pharmacy had approved a mandatory law but the shortage of qualified pharmacists made it unenforceable and professional nurses were written into their law. Attorneys for both associations met and a revision was recommended. It was believed that the General Assembly will be asked to make improvements in the law.

The Committee accepted the task of looking for anecdotes of exceptionally good nursing care. We have found only a few and we appeal to the readers of this report for any experiences they would share with us. We feel that it is time now to deemphasize the ontological approach to the study of the professional nurse and rather work diligently and urgently to create patient care situations so that each of us can say "there is good nursing being done, for I have experienced it."

SPECIAL COMMITTEE ON NURSING CARE OF THE CHRONICALLY ILL AND AGED  
 Mrs. Mary Edith Rogers, R.N., Belmont, and  
 Ethel Harrison, R.N., Chapel Hill, Co-chairmen

This Committee promoted participation of NCSNA in the production of a filmstrip, "Shop Talk - Home Care," with the North Carolina Academy of General Practice.

Approximately fifteen members of NCSNA participated in this project held at College Inn in Raleigh in January, 1964. Three nurses appear in the filmstrip as a part of a round-table discussion. The others observed in the production of the filmstrip and took part in intensive instructions in group dynamics and group leadership in preparation for use of this visual aide in various areas of the State.

It is hoped that District Associations of NCSNA will consider using this tool at a monthly meeting. It should stimulate interest of the nurses on a local level in extending nursing care to the sick in the home.

Representatives of the Committee participated in the 1964 meeting of the Joint Council for the Health Care of the Chronically Ill and Aged. This Council is composed of representatives of many State agencies and organizations, business and professional, who share responsibility in this area of health needs.

The Joint Sub-Committee on Chronic Illness of the State Medical Society, NCSNA, and State Board of Health met at Headquarters Office on September 17, 1964, to review and evaluate activities of the past year and to prepare next steps to be promoted by the group.

Other members of the Committee are: Invelda Artz, Raleigh; Mrs. Edith Chance, Fayetteville; Mrs. Jean Lassiter, Elizabeth City; Dr. Virginia Stone, Chapel Hill; and Esther Sump, Chapel Hill.

SPECIAL COMMITTEE ON NURSING IN NATIONAL DEFENSE  
 Mrs. Nan B. Cummings, R.N., Asheboro, Chairman

Other members of this Committee are: Virginia M. Nelson, Chapel Hill; and Hildred Harrison, New Bern.

The North Carolina State Nurses' Association Committee on Nursing in National Defense has not met during the year, however, members have conferred with Samuel J. Hawkins, Deputy in Emergency Health Prepared-

ness, North Carolina State Board of Health, in relation to the role of the nurse in national defense. Members have also met with the Interagency Committee on Disaster Nursing in Civil Defense and have endorsed the work of this Committee in its preparation and release of the manual, Nursing Responsibilities During A Disaster. A number of publications relating to the role of the nurse in national defense have been reviewed.

AD HOC COMMITTEE TO STUDY PROPOSAL OF DISTRICT ELEVEN  
THAT AN ACADEMY OF NURSING BE CREATED  
Alice C. Boehret, R.N., Greensboro, Chairman

This Committee met twice. Other members of the Committee were Mrs. Margaret Dolan, Chapel Hill; Mrs. Pauline Ashley, Concord; and Sister Mary Patricia Doyle, Asheville.

At the first meeting, the Committee explored the reasons for an Academy, discussed the stated purposes of the American Nurses' Association and the National League for Nursing, discussed possible membership, cost of such an organization and assigned members of the committee to question physicians about similar medical academies. Representatives of District Eleven were asked to attend a second meeting to give the Committee further information and reasons for suggesting the formation of an Academy of Nursing.

Miss Ruby Wilson and Mrs. Katherine Nuckolls represented District Eleven. There was a lively discussion about purpose, membership, dues and activities of an Academy of Nursing, which resulted in asking District Eleven to form, implement, evaluate an Academy of Nursing.

The NCSNA assumes no responsibility for sponsorship of the Academy of Nursing. It is presumed the membership of said Academy will be professional nurses and, therefore, members of this professional organization.

EDUCATIONAL ADMINISTRATORS, CONSULTANTS, AND TEACHERS SECTION  
Mrs. Pauline C. Ashley, R.N., Concord, Chairman

Other officers of the EACT Section are: Lois K. Galer, Greensboro, First Vice-Chairman; Mrs. Doris H. Crutchfield, Salisbury, Second Vice-Chairman; Mrs. Ruth Geddings, Asheville, Secretary; Helen Pickard, Asheville, and Eugene J. Smith, Charlotte--Executive Committee members.

The Executive Committee met with other section Executive Committees on Executive Committee Conference Day on December 3, 1963. The Executive Committee of the EACT Section meeting was held in the afternoon. Committee appointments were made with alternates for each committee position. The workshop topic for Spring 1964 was discussed and a decision made to have the workshop topic of "The Future of Nursing Education in North Carolina". Plans were made for revision of the "Statement of

The return on this mail request has been rather low. The Executive Committee at its pre-convention meeting will prepare recommended revisions.

The chairman and an elected delegate (Mrs. Katherine Nuckolls) attended the ANA Convention in Atlantic City, June 15-19, 1964. The delegates attended the Advisory Forum and Business Meeting of EACT Section and all sessions of the ANA House of Delegates.

Members of Committee on Nominations of the section are: Chairman, Dorothy W. Lunsford, Asheville; Members, Bonnie E. Waldrop, Greenville and Isabelle G. Webb, Durham. This Committee prepared a slate of officers for the EACT Section reported in another section of the reports.

The Committee on Rules Chairman is Mrs. Helen Hester, Winston-Salem. No meeting of this Committee was held and no requests for review of rules were received.

Members of Committee on Program of the section are: Chairman, Mrs. Elinor Medlin, Charlotte; Members, Nancy Burris, Chapel Hill, Anne Pleasants White, Charlotte, Mrs. Naomi Wynn, Greensboro; and Mrs. Mary S. Shook, Boone. The Program Committee held one meeting to plan the program for the Spring Conference of the EACT Section. The Committee decided on a more specific topic relating to the future of nursing education in North Carolina and planned the conference around the topic, "What Can We Do About the Future of Nursing Education in North Carolina?".

The program included two addresses and a panel.

1. Report of North Carolina Board of Higher Education: Survey of Nursing Education in North Carolina, by Dr. Howard Boozer.
2. "Ways of Improving Today's Schools," by Miss Carrie Spurgeon.
3. Panel of Speakers:
  - a. "Today's Students - The Preparation They Bring Us: Their Expectations of a School," Miss Alice Boehret.
  - b. "Trends in Changing Social and Economic Needs," Mr. Eugene Smith.
  - c. "Tomorrow's Graduate," Miss Barbara Bain.
  - d. "Curriculum Trends for Achieving the Kind of Nurse Practitioner Needed for the Future," Dr. Eloise R. Lewis.

Excellent summaries of the papers presented at the Conference of EACT Section are presented in the Tar Heel Nurse, June 1964.

The program committee, also, made recommendations for the EACT

Section program at the annual convention in October 1964. The programs for EACT Section include joint participation with NSA at a luncheon program featuring guest speaker, Dr. Laura T. Simms, Topic: "Excellence in Nursing". Speaker for the EACT program session will be Dr. Margaret Shetland, Topic: "Speak To Us of Teaching".

Members of Committee on Nursing Practice of the section are: Chairman, Lois Galer; and Member, Mrs. Cecile Zunner, Durham. Full complement of membership was not attained due to refusal to serve by several members listed by Executive Committee for appointment.

Membership of the EACT Section as of September 30, 1964 was 360.

#### GENERAL DUTY SECTION

Mrs. Evelyn M. Sparks, R.N., Asheville, Chairman

Other officers of the section are: First Vice-Chairman, Pearl Dew, Fayetteville; Secretary, Fayth Rutledge, Burlington; Executive Committee Members, Mrs. Elizabeth Lowrance, Pinetops, and Mary E. Orren, Belmont.

Mrs. Sue R. Smith, Greensboro, who was elected chairman at the section annual business meeting, resigned April 6, 1964 and the chair was assumed by Mrs. Evelyn Sparks thus elevating Pearl Dew to the office of first vice-chairman.

The new chairman has attended NCSNA Board of Directors meeting in Raleigh, September 10, 1964. The Board met jointly with the Committee on Legislation, Economic and General Welfare and a Special Committee on Education of NCSNA and NCLN to consider the Report of Survey of Nursing Education in North Carolina and its implications to the nursing profession and to our Association.

The Post-Convention Executive Committee met October 24, 1963 in Raleigh with Sue Smith, former Chairman presiding. Standing committees were named and approved and tentative plans laid for a spring workshop.

The Nominating Committee with Patricia Heilig, Chairman, met at Headquarters Office, Raleigh, June 4, 1964 to complete ballot for section officers to be elected at October Convention. The section officers attended a Joint Executive Committee in Raleigh in December with Sue Smith presiding over our separate business session. During the meeting the budget was approved and revision of Minimum Standards for Employment was considered. Revision was deferred until a later date and the Section proposed to concentrate now on assistance to nurses in smaller hospitals where current standards are not being met. The Committee has suggested that a statement of Minimum Standards be incorporated with a statement of FSQ for distribution to hospital administration. Plans for a joint workshop with Head Nurses were initiated at a joint luncheon meeting. All sections made plans for workshops for the coming year. The General Duty Section recommended to the NCSNA Board of Directors that all meetings and program sessions be closed to nonmember. The Board adopted this recommendation and

will present same to the House of Delegates at Convention in October.

Evelyn Sparks, then Vice-Chairman, attended an Institute for District Officers, January 23, 1964 in Greensboro and represented the section at a meeting of the Professional Practice Committee in Raleigh, November 5, 1963. She also attended the Section Meeting of the American College of Surgeons in joint meetings for doctors and nurses in New Orleans, March 16-19, 1964. The program designed primarily for surgical nurses was very stimulating and informative for nurses in almost every area of practice. General Duty Nurses were well represented at all sessions.

A workshop co-sponsored by General Duty and Head Nurse Sections was held at Charlotte Memorial Hospital, April 14, 1964, with Miss Mary McRee, North Carolina Board of Nurse Registration and Nursing Education, Raleigh, as guest speaker. Attendance at the workshop was very gratifying and the participants headed by Mrs. Lucille Mahood were both informative and entertaining. We were fortunate in securing the assistance of graduate nurses, student nurses, and several members of allied professions for a very successful program.

The ANA Convention at Atlantic City, New Jersey, in June 1964 was well attended by General Duty members of NCSNA. Section delegates attending were: Mrs. Eunice Seaborn, Oteen; Mrs. Elizabeth Lowrance, Pinetops; Mrs. Jean Gosnell, Lexington; and Mrs. Evelyn Sparks, Asheville. Delegate at large, Mrs. Ruth Peters, Fayetteville, was also representative of General Duty Section. General Duty Nurses went on record at the ANA section business meetings that they want quality in nursing; also, that the section be recorded at Convention in complete support of ANA's proposed Goal III and should take every possible action to implement the proposed Goal III. The chairman of NCSNA's General Duty Section and a member of Professional Practice Committee attended a program session on Professional Practice which was most interesting and informative as were all the Convention meetings. The section delegates also voted to recommend that PC & PS should be continued at no additional charge to ANA members. There was noted an appreciable increase in interest among members in both state and federal legislation affecting nurses.

Unhappily I must admit that though our numbers are great in the total ranks of active, registered nurses, only 20.1 per cent of our 6,873 professional nurses identified as hospital employees are members of our Association. There is obviously much work to be done by each of us in the section to promote membership and "recruit" for the ranks of NCSNA's General Duty Section.

My sincere appreciation to the Headquarters Staff and each officer and committee member for their help and cooperation. Without their kindnesses and forbearance this newly assumed office would have posed insurmountable problems and little could have been accomplished. I look forward to continuing association with all General Duty Nurses and their projects.

Membership of the General Duty Section as of September 30, 1964  
was 598.

HEAD NURSE SECTION  
Mrs. Lucille Mahood, R.N., Winston-Salem, Chairman

Other officers of the section are: Nellie Martin, Hiddenite, First Vice-Chairman; Mrs. Clara Sifford, Rockwell, Second Vice-Chairman; Mrs. Esther Owens, Hamlet, Secretary; Mrs. Elizabeth Brown, and Mable Hughes, members of Executive Committee.

The Executive Committee met December 3, 1963 at NCSNA Headquarters Office; committee appointments for the year were made.

Plans were made for a workshop to be held in Charlotte, April 14, 1964 with General Duty Section as co-sponsor.

The workshop was attended by approximately 190 members.

Mary McRee, Educational Consultant, North Carolina Board of Nurse Registration and Nursing Education, was the main speaker. Her topic was, "Quality Total Nursing Care".

Membership of the Head Nurse Section as of September 30, 1964  
was 325.

NURSING SERVICE ADMINISTRATORS SECTION  
Sister Mary Patricia Doyle, R.N., Asheville, Chairman

Other officers of this Section are: Mrs. Mary K. Patten, Winston-Salem, First Vice-Chairman; Mrs. Eula R. Powers, Lumberton, Second Vice-Chairman; Mrs. Lucy Manning Brown, Verona, Secretary; Myrtle J. Barnette, Winston-Salem, and Paulyne Kenney, Burlington - members of the Executive Committee.

The Executive Committee of the Nursing Service Administrators Section had three meetings this year. The Convention Meeting was held October 22, Post Convention Meeting on Thursday, October 24, 1963, both in Raleigh for routine business.

On December 3, 1963 at Headquarters in Raleigh a joint meeting of all NCSNA Section Executive Committees was held. In the morning each Section had its own meeting. At a luncheon meeting for all sections the programs for the coming year were discussed. Out of this joint meeting evolved the fine workshops conducted this year. This proved so successful that it is my hope that it will be an annual affair.

Committee Reports:

Committee on Nominations - Mrs. Elizabeth Padgett, Statesville, Chairman. This Committee met in Raleigh and prepared a slate of officers which will be presented at the annual business meeting. Appreciation is expressed to those who agreed to serve if elected.

Committee on Convention Program - Myrtle Barnette, Winston-Salem,

the Section Chairman attended this meeting at Headquarters. NSA has elected to have a NSA-EACT Program Luncheon, Mrs. Laura L. Simms, Department Head of Surgical Nursing, New York Hospital, New York City will be our guest speaker.

The Chairman attended a five day workshop on Nursing Service Administration in Pittsburgh, Pennsylvania in March 1964; the North Carolina Hospital Convention in Durham in June 1964; Management Seminar on Communications in Hospital Management, Oteen, North Carolina; North Carolina League for Nursing, Durham in March 1964; Catholic Hospital Convention in New York City and ANA Convention, Atlantic City, New Jersey in June 1964.

The Chairman and many of the NSA members attended some or all of the fine spring workshops sponsored by NCSNA Sections.

Our Section participated with Private Duty Section in "Intensive Care" Workshop, April 16, 1964 in Winston-Salem. This workshop was planned by Myrtle Barnette and Mrs. Mary K. Patten from NSA and Mrs. Mary Steele Fox from Private Duty. Our thanks to this Committee for such an outstanding and informative workshop.

Membership in NSA Section as of September 30, 1964 was 533.

OCCUPATIONAL HEALTH SECTION  
Mrs. Kathleen G. Taylor, R.N., Winston-Salem, Chairman

Other officers of the Section are: Mrs. Faye R. Abernathy, Hickory, First Vice-Chairman; Mrs. Diora W. Westmoreland, Marion, Second Vice-Chairman; Mrs. Jeanette Abbott, Canton, Secretary; and Mrs. Flossie M. Glenn, Wilmington, and Mrs. Jane G. Reynolds, Leaksville, members of Executive Committee. The Executive Committee of the Occupational Health Section had three meetings.

During the past year, the Section has again lost members. A letter was sent, from the Chairman, to all Occupational Health Nurses practicing in North Carolina, urging them to join the Association.

In May, 1964, the Section joined the Nursing Section of the North Carolina Statewide Safety Conference held in Durham, North Carolina, in a program titled "Motivation, A Key to Accident Prevention".

Kathleen G. Taylor, Chairman, attended the ANA Biennal Convention in Atlantic City, June, 1964, as a delegate from NCSNA Occupational Health Section.

For the Convention Program, the Occupational Health Section will join the Office Nurse and Public Health Nurse Section for Luncheon Program Meeting on October 22, 1964.

Membership of the Occupational Health Section as of September 30, 1964 was 38.

OFFICE NURSES SECTION  
Mrs. Ruth E. Wade, R.N., Concord, Chairman

Other elected officers of this Section are: First Vice-Chairman, Mary Rose Harrison, Clayton; Second Vice-Chairman, Ruby Dameron, Charlotte; Secretary, Mrs. Jeannette S. Barclay, Raleigh; and Executive Committee members, Phyllis D. Bone, Raleigh; Mrs. Jane H. Arnold, Kingston. The Executive Committee has had two meetings, the regular Post-Convention and a called meeting December 3, 1963, at NCSNA Headquarters.

Committees were appointed, budget prepared and plans for workshops were discussed. Our Section participated in the Workshop on, "Community Planning For Total Family Care," sponsored by Public Health Section at Chapel Hill. A Joint Program Session is being planned with Occupational and Public Health Sections for the State Convention in Charlotte on October 22, 1964.

The Chairman served as a member of the NCSNA Board of Directors and attended all called meetings. Attended the ANA Convention, in Atlantic City in June 1964 as a delegate; also, the ANA Office Nurse Section Advisory Forum, as your representative.

We continue our work on membership and as of September 30, 1964, we had 93 members.

My sincere thanks to Headquarters Staff and each officer and committee member for the help and cooperation.

PRIVATE DUTY SECTION  
Mrs. Mary Steele Fox, R.N., Winston-Salem, Chairman

Other members of the Section are: Mrs. Bonnie Comer, Concord; Mrs. Gladys Poindexter, Winston-Salem; Mrs. Gladys Miller, Winston-Salem; Mrs. June Strickland, High Point; and Sallie Blanche Stroud, Fayetteville.

The Chairman served as a member of the NCSNA Board of Directors and attended the Post-Convention Board meeting. Due to illness she was unable to attend the Mid-year Board meeting and the meeting of the Coordinating Council of the NCSNA and NCLN.

The resolutions passed by the Private Duty Nurses at the 1963 Convention were submitted to the Board of Directors and have been incorporated into the activities of the Private Duty Section.

The Executive Committee met December 3, 1963, at NCSNA Headquarters. Actions taken were as follows:

1. Made recommendations to the Finance Committee regarding the section budget for the coming year.
2. Appointed standing and special committees for the Section.

3. Formulated plans for two Section Workshops, and met jointly with executive committees of the other sections to coordinate the plans for NCSNA Section Workshops.

The chairman worked with NSA Section Program Committee in presenting a Workshop on Intensive Care, April 14, 1964, in Winston-Salem. The Section cooperated with Public Health, Occupational Health, and Office Nurse Sections, and the Chairman served as a panelist in presenting a workshop on "Total Community Planning," at Chapel Hill, May 16, 1964.

The Program Committee met in April to plan the 1964 Convention Private Duty Program. This year for the first time, a Private Duty Nurse will present the nursing care aspect of our program.

In June, with the approval of the Executive Committee, the Chairman reactivated the Special Committee on Industrial Relations, and appointed a delegation of Private Duty Nurses to meet with Governor Sanford, July 9, 1964, to discuss our difficulties with the Board of Commissioners, when attempting to collect prevailing District fees. At the writing of this report, we have had no report of Governor Sanford's action.

The Chairman served as a delegate to the ANA Convention in Atlantic City in June 1964, and represented Private Duty Nurses at the Private Duty Advisory Council, June 15, 1964.

Private Duty Nurses throughout the ANA expressed concern over loss of identity in the proposed ANA structure revision. They were urged to familiarize themselves with the proposed changes and to consider ways of assuring that their interests were met.

The Chairman suggested to the ANA Private Duty Committee on Practice that North Carolina Private Duty Nurses might be interested in using the ANA Private Duty Self-evaluation forms in their district section meetings.

On August 13, 1964, due to a change in area of practice, the Chairman submitted her resignation to the Executive Committee in accordance with Section Seven of Private Duty Rules, NCSNA Bylaws. At the request of the Executive Committee she has remained in office through Convention.

The past two years as Chairman have been very stimulating and informative. It has been my privilege and pleasure to work for and with you. Though at the close of this Convention I must change my membership to NSA, the welfare of Private Duty Nurses will continue to be of deep interest and concern to me.

Membership of the Private Duty Section as of September 30, 1964 was 1,025.

PUBLIC HEALTH SECTION  
Mrs. Dorothy McCracken, R.N., Asheville, Chairman

Other officers of the Public Health Section are: First Vice-Chairman, Mrs. Marjory G. Pearsall, Greensboro; Second Vice-Chairman, Mrs. Cleo Osborne, Greensboro; Secretary, Shirley Callahan, Durham; members of the Executive Committee, Mrs. Xanie Adams, Charlotte; Mrs. Elizabeth Bailey, Greensboro.

The Executive Committee meeting was held at Headquarters in Raleigh on Tuesday, December 3, 1963. Committee appointments for the year were made. Consideration was given to the revision of the Minimum Employment Standards for Public Health Nurses. It was decided to continue with the current (1961) standards and attempt to bring them up to that level. The recommended budget was submitted for approval. Plans were made for a spring workshop on "Community Planning for Total Family Care" to follow up the recommendations of the 1963 Executive Committee.

Committee on Practice - Miss Frances Sellers, Chairman, met in Raleigh February, 1964 to compile the suggestions on Statement of Functions of Public Health Nurses. The Committee met again in March to review and make suggestions on the Statement of Functions in the Practice of Public Health Nursing in Supervisory, Consultative, Educational and Administrative Positions which were forwarded to ANA Headquarters.

Committee on Nominations - Mrs. Helen Ballard, Chairman, met this summer and prepared a slate of officers which will be presented at the annual business meeting. Appreciation is expressed to those who agreed to serve if elected.

Committee on Program - Mrs. Marjory Pearsall, Chairman, met at Headquarters with the NCSNA Program Committee to formulate plans for the 1964 Convention in Charlotte.

Mrs. Catherine Layton, Greensboro, and Mrs. Cleo Osborne, Greensboro, attended the ANA Convention at Atlantic City as delegates from the Public Health Section in June, 1964.

A workshop "Community Planning for Total Family Care" sponsored by the Public Health Section, with Private Duty and Office Nurses section cooperating, was held May 14, 1964 in the Auditorium, UNC School of Public Health, Chapel Hill. The speakers were Mrs. Xanie Adams, Charlotte; Mrs. Annette Fordham, Caseworker, Greensboro; Miss Shirley Callahan, Durham; Dr. Robert T. Huntley, UNC School of Medicine; Miss Geraldine Gourley UNC School of Public Health. Attendance was very good.

Your Chairman attended the Post-Convention and Mid-year Board meetings, and the annual business meeting of the Coordinating Council of the NCSNA and NCLN in Durham, March, 1964. She also attended the ANA Convention in Atlantic City in June, 1964, and was one of the tellers during the election of officers.

My deep appreciation to Headquarters Staff and each officer and committee member for their cooperation and help which was given to

me in the past two years.

Membership of Public Health Section as of September 30, 1964  
was 356.

#### OPERATING ROOM CONFERENCE GROUP

Mrs. Nancy M. Saunders, R.N., Winston-Salem, Chairman

The Operating Room Nurses Conference Group of the North Carolina State Nurses' Association held its annual meeting in Hotel Sir Walter, October 23, 1963.

In the business meeting the following officers were elected for the coming year: Mrs. Nancy M. Saunders, Winston-Salem, Chairman; Mrs. Laura E. Kelly, Raleigh, Vice-Chairman; and Gladys L. Van Poole, Salisbury, Secretary.

Following the business meeting and the luncheon, Dr. LeRoy Allen, Neurosurgeon of Raleigh, gave an informative lecture on "Ventriculo-atrial shunts for Hydrocephalus." He described the procedure of using the Pudenz-Heyer Valve and nursing care following surgery.

The Spring Workshop was held at Goodwill Rehabilitation Center, Winston-Salem on April 17, 1964.

The topic for the morning session was "Use of the Heart Lung Machine in open Heart Surgery," by Dr. Frank R. Johnston, North Carolina Baptist Hospital, Winston-Salem. The lecture was followed by a discussion of "The Role of the Nurse in Open Heart Surgery," by Mary Van Poole, Staff Nurse, North Carolina Baptist Hospital Operating Room.

At the afternoon session, Dr. L. Byerly Holt, President of the Eye Bank Association of America gave an illustrated lecture on, "Glaucoma Operations" after which Mrs. Nancy M. Saunders, Instructor in Operating Room, Forsyth Memorial School of Nursing, discussed "Nursing Aspects of Glaucoma Operations."

Private Duty	Mrs. Lillie C. Miller, Chairman, 103 Mitchell Avenue, Rutherfordton
Public Health	Mrs. Lena R. Pearson, Chairman, 600 Valdese Avenue, Morganton

Progress of District Activities:

Membership was promoted by contacting individual nurses by phone "face to face" contact. Promotional materials were distributed at meetings and to all hospitals. A "Bring a Guest" campaign was held. Visitors were recognized at all meetings and encouraged to become members. Faculty members stressed the importance of ANA membership to students, and graduating senior students were invited to at least one meeting a group.

Recruitment of student nurses was promoted by representatives from individual schools participating in "Career Days" at the high schools and by personal contact with interested applicants. Representatives from the schools and the District have participated in "Health Career Clubs" and "Future Nurses Clubs" in the high schools. Awarded a \$100.00 scholarship to a high school student entering a school of nursing.

District conducted a two-day Workshop on "Disaster Nursing" in Morganton, which was a success. Members participated in teaching classes in Emergency Nursing, Civil Defense, Red Cross and Home Nursing for Injured and Sick and Mother and Infant Care

Had one District program on "Professional Practice" which was well attended.

Had good newspaper coverage announcing meetings and in some instances elaborated functions of the organization and the advantages of membership. Members have appeared before civic, women's clubs and other groups.

Chairman of Committee on Study of ANA Functions attended meetings and kept members informed and one District program on "Study of ANA Functions".

Two hospitals have a retirement plan in addition to Social Security

coverage.

Three hospitals have a forty-hour, five day week.

One member attended the ANA Convention in Atlantic City, June 15-19, 1964.

PC and PS Committee has been very active; distributed PC and PS Application Forms and other information to members and non-members of the Association; conferred with the NCSNA Counselor during her visit to the District and publicized her visit; provided application forms to the graduating seniors and explained the Service.

District Bylaws were revised.

Members attended NCSNA Conferences, institutes, and convention. In-service Education Program in one hospital in the District progressing nicely.

District has two honorary members.

#### Outstanding Problems:

Getting members to attend meetings and to take an active part.

Membership - Former members not renewing membership.

Lack of interest in the new graduates in joining ANA.

Need more committee activity.

#### Problems Are Being Met By:

Developing interesting programs on topics of major concern to nurses.

Trying to develop a feeling of participation among members.

Urging nurses to read, listen, discuss, speak about their organization.

Stressing membership in the schools of nursing and sending special letters to new graduates signed by the president and membership chairman of the District.

District treasurer sent renewal notices to nurses who had not renewed membership.

Sending monthly notices of the meetings to all members.

Financial Status:

Balance in treasury-----\$885.00

EACT Section of District Three - Mrs. Helen M. Hester, Chairman:

The Section has held three meetings during the past year with an average of five members from a membership of 36.

The officers are as follows: Helen Hester, Chairman; First Vice-Chairman, Gwendolyn Andrews; Second Vice-Chairman, Pauline Irwin; Secretary, Eleanor Dodson.

The Section sponsored the monthly program for the District in May. The SNANC District Four presented the program, "The Students' Role in SNANC and How the Professional Organization Could Help With This Role."

The Section members participated in the Career-O-Rama held in March at Memorial Coliseum.

NSA Section of District Three - Myrtle Barnette, R.N., Chairman

The Section has a membership of thirty-four and has had three meetings during the year.

Activities of the Section:

Assisted with "Career-O-Rama", attendance at booth one night by two members NSA Section.

Assisted in Polio Prevention Program two Sundays.

Assisted with planning for Workshop on "Intensive Care" and attending Workshop.

Will have December program of District Three on "International Good Will and Understanding".

Private Duty Section of District Three - Caroline Singletary, R.N., Chairman

The Private Duty Section, District Three, has 159 members. 142 are members of the Professional Nurses' Registry.

The officers are as follows: Caroline Singletary, Chairman; Doris M. Slate, First Vice-Chairman; Shirley Reich, Second Vice-Chairman; Cora Phillips, Secretary; Barbara Garrison, Treasurer.

The Section has held nine meetings during the year with an average attendance of 35. Four meetings were double meetings. A Christmas dinner was given in December. The gifts brought were carried to sick nurses of our section. A picnic was held in June and a weiner roast in September.

The April meeting was an Institute on Obstetrics and Gynecology given by the staff of Bowman Gray Medical School. 247 nurses attended.

100 of our nurses have signed up for an Orientation Program of the new Forsyth Memorial Hospital for Private Duty Nurses. It is to begin September 5, 1964 and will continue two hours one day a week for five weeks.

A bake sale was held in May from which \$77.50 was derived. This money is being used to defray expenses incurred in publishing our Cookbook. It is now being printed and we hope to have it available by Mid-October. The money will be spent to send delegates to the ANA Convention in 1966.

Eight members attended the ANA Convention this year in Atlantic City. Many of our nurses attended the various institutes and workshops conducted by the NCSNA this year.

Public Health Section of District Three - Mrs. Virginia Phillips, R.N., Chairman:

The meetings for the year were as follows:

November 14, 1963 - Business meeting with election of officers  
March 11, 1964 - Business meeting, Program: "Professionalism"

by Mary Copeland, President of NCSNA.

May 25, 1964 - Business meeting: Mrs. Peggy Lemon was elected secretary and Mildred Foreman was elected as replacement.

September 10, 1964 - Candidates for delegates and alternate delegates to NCSNA meeting in Charlotte, October 20-23 were elected.

There are 21 members of the Section. The average attendance is 13.

DISTRICT FOUR

Sara Kennedy, R.N., Mooresville, President

Head Nurse Mrs. Lucy D. Summers, Chairman, Route 4, Statesville  
NSA Mrs. Gertrude P. Brown, Chairman, Route 1, Troutman  
Office Mrs. Grace Wiley, Chairman, 253 N. Oak Street, Statesville  
Private Duty Mrs. Nora I. White, Chairman, 165 Bost Street, Statesville

Progress of District Activities:

Membership promoted by sending recruitment letters to all prospective members by the treasurer and she was commended by NCSNA Headquarters for the original letters. The hospital administrators and directors of nurses have encouraged all employees to join ANA. Five members joined this year for the first time. District had a picnic supper honoring the graduating seniors at which time we encouraged them to become members. Students were invited and attended many of the District programs so that they could share in the knowledge obtained and the fellowship enjoyed. Many members are active in community organizations. District meetings were announced through the local papers. One hospital has a forty hour work week.

Outstanding Problems:

Obtaining new members.  
Getting members to attend the monthly meeting.

Problems Are Being Met By:

Senior recruitment projects.  
More active membership drives.  
Planning better programs.  
Wearing name tags at the meetings so that everyone can get to know each other by name and so that a very friendly atmosphere will surround the group.

Financial Status:

Balance on hand, approximately \$150.00.

DISTRICT FIVE

Mrs. Elizabeth W. Batty, R.N., Charlotte, President

Number of meetings of District - 11

Private Duty	Mrs. Juanita Clontz, Chairman, 5110 Kimwood Place, Charlotte
Public Health	Mrs. Ruth Lockey, Chairman, 800 East Wade Extension, Wadesboro

Progress of District Activities:

Membership has been promoted by constantly stressing membership during the year. Posters, ANA pamphlets and other materials were distributed to all hospitals in the District. Membership was stressed in the monthly Newsletter and by personal solicitation. Members of the Membership Committee represented each county and hospital in the District.

Recruitment of student nurses promoted by individual school representatives participating in "Career Days" at high schools, inviting student nurses to meetings and personal contact and encouragement. Each hospital has a "Candy Stripper" program of teenagers.

Good newspaper coverage of meetings and activities in the District. District has studied materials received on the Study of "The Functions of ANA".

One hospital has a retirement plan in addition to Social Security coverage.

Two hospitals reported a forty-hour work week.

Members of the District participated in KO Polio Program.

Many members of the District are members of civic and professional clubs.

Several members attended the various NCSNA Workshops in the spring of 1964, and seven attended the ANA Convention in Atlantic City in June 1964.

Private Duty Fees were increased to \$18.00.

District has one honorary member.

Outstanding Problems:

Membership and attendance at meetings.  
Travel distance of members.

Problems Are Being Met By:

Encouraging members to renew membership and new nurses to join.  
Continually stressing the importance of membership.  
Giving members an opportunity to suggest program topics and having  
educational programs.  
Through the media of the Newsletter sharing information from ANA and  
NCSNA Headquarters.

Financial Status:

Balance in checking account, September 1, 1964-----	\$1,083.05
Mutual Building and Loan-----10 shares and three shares

Private Duty Section of District Five - Mrs. Juanita Clontz, R.N., Chairman:

The Private Duty Section of District Five has a total of one hundred  
and seventy active members and had eight regular meetings.

There were two educational programs given during the year.

1. Responsibilities of The Nurse in Care of Acutely Burned  
Patient.
2. Oral Poliomyelitis Vaccine.

Seven business meetings were held during the year with good attendance.  
March, 1964, private duty rates were increased from \$16.00 to \$18.00  
for eight hour duty.

A Christmas party was held at Nixion Steak House with good attendance.

Public Health Section of District Five - Mrs. Ruth Lockey, R.N., Chairman:

The other officers of the Section are: Mrs. Kay Watson, Charlotte,  
First Vice-Chairman; Mrs. Blondell Simpson, Monroe, Second Vice-  
Chairman; Frances Hutchinson, Secretary and Treasurer, Charlotte.

The Section has had excellent attendance at the District meetings.

One District meeting was devoted to Section meetings. The  
Section has had excellent participation in all district activities.

The Section Committees are as follows: Program - Mrs. Kay Watson,  
Chairman; Mrs. Shasta Robinson, and Mrs. Pearl Maxwell all of  
Charlotte. Membership - Mrs. Sybil Berry, Chairman; Mrs. Mary  
Thomas, Mrs. Carolyn McKay, and Mrs. Bertha Golden all of  
Charlotte. Hospitality - Mrs. Mildred Madden, Chairman; Mrs.  
Eris Russell, Mrs. Eunice Benjamin all of Charlotte. Nominating -  
Mrs. Beulah Anderson, Chairman; Mrs. Pearl Maxwell of Charlotte,  
and Mrs. Colleen Riddle of Monroe.

DISTRICT SIX

Virginia Graves, R.N., Salsisbury, President

Number of meetings of the District - 10

June 1964	Business Meeting; Covered Dish Supper
September 1964	Demonstrated Lecture on "Model of Pacemaker, the Cardio-Verter," Dr. Lynch T. Murphy

Progress of District Activities:

At the Christmas Party each member brought gifts suitable for hospitalized children, which were sent to the Pediatric Department of Rowan Memorial Hospital, Salisbury.

District sent \$50.00 to the American Nurses Foundation.

Members of the District participated in Polio-Sugar Cube Project. Four hospitals have a forty-hour work week.

Outstanding Problems:

Decrease in membership.

Small number of members willing to hold office and/or work on committees.

Shuttling between Salisbury, Albemarle and Concord for meetings is not conducive to becoming a closely knit organization.

Problems Are Being Met By:

Following the saying - "If at first you don't succeed, try, try again".

DISTRICT SEVEN  
Margaret Midforth, R.N., Reidsville, President

Number of District Meetings - 10

Average attendance - 17

Number of Board of Directors meetings - 2

Membership - 32

Alumnae Associations - 0

Programs:

Progress of District Activities:

Membership promoted by personal contact with nonmembers, and inviting nonmembers to Christmas dinner.

Study of ANA Functions was discussed in the District, and the president and one other member of the District attended the NCSNA Workshop on "Study of ANA Functions".

Two hospitals have a forty-hour work week.

Outstanding Problems:

Membership.

Problems Are Being Met By:

Personal Contact.

Distribution of membership material.

Placing posters on the bulletin boards.

Financial Status:

Balance in treasury, August 31, 1964-----\$92.45.

DISTRICT EIGHT  
Mrs. Betty Eller, R.N., Greensboro, President

May 1964 Discussion Led by Mrs. Ann Samuel  
June 1964 Annual Picnic  
September 1964 Report of ANA Convention, Eight members who attended - Via closed circuit TV-WANA-TV

Established Sections:

EACT Lois K. Galor, Chairman, 933 Carr Street, Greensboro  
Private Duty Mrs. Florence Bynum, Chairman, 2507 Woodview Drive, Greensboro  
Public Health Mrs. Blanche Ennis, Chairman, 2208 Lawndale Drive, Greensboro

Progress of District Activities:

Membership promoted by personal contact.  
Chairman of the Committee on Recruitment made a few talks in high schools and showed films.  
Good newspaper coverage of meetings of District.  
Two members of the District were active on the NCSNA Committee on Study of ANA Functions and Participated in the NCSNA Workshop and a program at the 1963 NCSNA Convention, and one district program.  
One hospital has a retirement plan in addition to Social Security Coverage.  
Four hospitals have a forty-hour work week.  
A refresher course for professional nurses was sponsored by District Eight. The course was six weeks in duration.

Outstanding Problems:

We estimate  $\frac{2}{3}$  of the nurses in our area are not ANA members.  
Inability to get the General Duty, Office, and Occupational Health Nurses to join ANA. Occupational Health Nurses tell us they receive more benefits from AAIN and so belong to the AAIN.  
Small percentage of members attend meetings and actively participate in the work of the District.

Problems Are Being Met By:

We've tried many schemes to get members - personal contact seems to be the most effective.  
We are as generous as our budget allows in paying some of the expenses of members to state and national conventions - we feel this creates greater interest in the organization.

Financial Status:

EACT Section of District Eight - Lois K. Galer, R.N., Chairman

The EACT Section of the Eighth District NCSNA has had a busy and useful year. Other officers for this section are: Mrs. Naomi Wynne, First Vice-Chairman; Junia Jenkins, Second Vice-Chairman;

Mrs. Louise Starke, Secretary; and Helen Brockway and Mrs. Julia Spight - Members-at-Large of the Executive Committee.

There were six meetings held during the winter months. The average attendance at these meetings was twelve. All meetings were dinner meetings. The first meeting was held at the Woman's College Restaurant in October, 1963, and was open to all who were eligible for membership. The succeeding meetings were held in the Conference Dining Room at the Moses H. Cone Memorial Hospital.

There were three program meetings. Helen Brockway served as program chairman. In February the topic was "Review of the Findings and Recommendations of the Nursing Consultant Groups Report to the Surgeon General." A review of the report was made by Miss Brockway and the ensuing discussion was lead by Mrs. Wynne.

In March the topic was: "How These Findings and Recommendations Would Apply to Nursing in North Carolina." Alice Boehret, Jeanne Riddle and Mrs. Julia Spight were discussion leaders.

In April the discussions were continued with the topic: "The Responsibilities of the American Nurses' Association in Making Use of and Implementing the Report to the Surgeon General." Mrs. Starke and Mrs. Emily Frazer led the discussion at this meeting.

The meetings were lively and interesting. We did not come to any major conclusions but it seemed to be generally felt by the group that the American Nurses' Association would have difficulty in taking a great deal of responsibility unless local units and individuals within these units were more vocal in making their feelings and desires concerning the recommendations known to the national officers and committee members.

Private Duty Section of District Eight - Mrs. Florence Bynum, R.N., Chairman:

The Private Duty Section of District Eight has a membership of 63 and has an average attendance of 18 at the Section meetings.

Members met at Moses H. Cone Hospital every second month with four meetings as of September.

Two meetings were educational, one business, and one social.

Programs of interest were on Mental Health in which Eula Gould of the Mental Health Department spoke with a question and answer period following.

Mr. D. A. Paoli, head of the Pharmacy Department of Cone Hospital spoke on "New Drugs and the Nurse's Responsibility in Using Them."

Our fee is \$18.00 per 8 hours.

Private Duty Nurses have encouraged other nurses to join the ANA and enjoy its benefits.

Public Health Section of District Eight - Mrs. Blanche Ennis, R.N., Chairman:

Other officers of the Public Health Section are: Vice-Chairman, Agnes Malec; and Secretary, Blanche Gannon.

The Section has 37 members, 3 associate members, and 2 courtesy members. The Section had 4 business meetings and 20 educational programs some of which consisted of: How to conduct a Group Discussion, Eight in a series on Meaning of Behavior, Cobolt

Therapy, Mental Retardation Program in North Carolina, Series on Parliamentary Procedure, Film and discussion of Camp Sky Ranch (for handicapped children), and Reports from professional journals and periodicals.

Section Activities Were:

#### Established Sections:

##### Private Duty

Mrs. Martha H. Furr, Chairman, 228 Boulevard, High Point

#### Progress of District Activities:

Props, quotations, or symbols meaningful to the topic or the speaker were used in introducing speakers for the programs. Prior to meetings some publicity in the form of posters telling about the program were sent to key members in different areas, placed in nursing stations, doctor's offices, and health departments.

Newspaper coverage has been excellent. All area newspapers have carried notices of the meetings and detailed reports have been published after the meetings. A feature story with pictures was used after Mrs. Margaret Dolan's program on "Changes in ANA Functions".

Good participation of district members in programs.

All programs were related to nursing.

Some of gimmicks used to increase membership were as follows: seasonal placards used at meetings to encourage sitting with different members each time; name tags in the shape of a chain with links (members name, position, and hometown), at each meeting members were asked to write name of person they sat beside or met in one of the links, name tags were turned in after each meeting to be reused at the next meeting.

Recruitment promoted by members participated in Career Day programs in high schools; one member spoke at Health Careers Day; and personal contacts were made to new graduates and nonmembers.

The High Point Memorial School of Nursing held open house for high school students interested in nursing. Several district members participated in the program, which included counseling and lectures by members of the medical and nursing professions.

Many members attended various NCSNA workshops, conferences, and the ANA Convention

Private Duty	
Public Health	Mrs. Martha T. Webster, Chairman, Box 428, Elon College

Progress of District Activities:

Membership promoted by personal approach in the form of a letter to every R.N. in the District stating the function and benefits of ANA and the need of the R.N. for the Association; and by placing posters and other membership material in hospitals.

District sent a representative to local high school on Career Day.

District voted to give \$120 to a student nurse.

A very successful Workshop on "Disaster Nursing" was conducted by the District.

Good newspaper coverage, especially on the installation of new officers and those attending the NCSNA and ANA Convention.

District sent a representative to the meeting of the Community Council and the "Charter" meeting of the Hospital Auxiliary.

Two hospitals have a forty-hour week.

Outstanding Problems:

The need of more members.

The need of better attendance.

Problems Are Being Met By:

Planning outstanding programs to promote better attendance.

Maintaining a friendly attitude in contacting new members.

One hospital has cooperated by setting up a plan whereby in January

all R.N.'s wishing to join may do so by signing a paper allowing the hospital to pay a lump sum to the DNA for all dues and then deduct the amount from the pay check over the next three months.

Progress of District Activities:

Membership Promotion:

Under the able leadership of Ann Pace the Committee has been able to inaugurate a program to make membership more personal. Among these are:

- a. Provide name tags for members to wear at all meetings. This means certain members of the Committee greet the members at the door and welcomes them as well as any guests.
- b. Personal and/or written contact with new graduates and newly employed graduates.

c. Letter contact with those members not renewing their membership.

This group originated a resolution from District Eleven relative to courtesy membership which was presented to and passed by the House of Delegates NCSNA convening last October 25, 1963. As a result, this allowed districts freedom to experiment with the granting of courtesy membership. April rather than the traditional May was chosen as the month to honor the graduating seniors, since May is usually full of social events for them.

This seemed to be a profitable experience for us, as thirty-three (three times our usual number) seniors attended. Each of them received a copy of our monthly Newsletter and an invitation to attend the specially planned program, which had a graduating senior from each of the four schools participating in a reaction panel. Courtesy membership cards from District Eleven (inaugurated last year) and ANA courtesy membership cards were presented at this meeting. For those students not attending the meeting, special meetings were held at the respective schools and Membership Committee members spoke on the purposes of the professional organization of ANA and presented courtesy membership cards. For those not present, courtesy membership cards were mailed. Congratulatory cards were also mailed to the seniors during their month of graduation.

Membership Committee members and Officers of the District also met with the graduate nurses at Siler City, Oxford, and Roxboro in an effort to stimulate membership and identify some of their needs for professional growth. Display kits for membership were bought and placed in the hospitals together with application blanks.

Planning is currently underway for a New Membership Workshop to be held in October or November. This will include information and orientation to the organization as well as gather ideas for programs, workshops and section activities.

Our membership has increased over last year and it is largely because of the untiring work of this Committee. This group has also been responsible for our public relations work.

A "Reorientation to Nursing" course was held March 31 thru May 7, 1964 with 18 persons in attendance. Personnel and facilities of Watts, Duke and North Carolina Memorial hospitals and schools of nursing and medicine were most helpful in assisting to bring current information to these graduate nurses. We are happy that most of them are working currently or plan to work this Fall. Lelia Clark and her committee are to be commended for the work and time spent in this beneficial endeavor.

Under Ethel Harrison a Nursing Services Committee is planning to look at the current nursing services offered in District Eleven and will include those needs not met currently as well as predicted ones. This is an effort to provide information for guidelines to the district, the state, and the recently formulated Health Planning Council of Durham, Orange, and Wake Counties.

Incorporation of the Registry is still under investigation.

An Ad Hoc Committee is endeavoring to see how the District can be of more assistance to the local Student Nurses' Association, as

we believe it is here that motivation stems from participation in professional organizations upon graduation.

Academy of Nursing - After consideration of the feasibility of establishing an Academy of Nursing to provide recognition by the nursing profession and identification to others of its expert practitioners; provide a channel through which knowledge and skills could continue to be developed; and allow for intellectual stimulation, among other possible goals, the Board of Directors of District Eleven referred the subject to NCSNA Board of Directors for investigation. An Ad Hoc Committee was appointed by the NCSNA Board of Directors, and Officers of District Eleven were asked to meet with the Committee. The idea received favorable consideration and was referred back to District Eleven for further investigation. Virginia Nelson is now chairing an Ad Hoc Committee, which is moving forward rapidly with its study.

Programs for Recent Graduates - The Program Committee is currently planning some separate programs for the young graduates in order to consider their problems and provide guidance for them in the transitional phase of their development from student to graduate.

The Registry Committee - The revised Rules, Regulations, and Rates handbooks were printed in January and distributed to members of the Durham Nurses' Professional Registry.

Several meetings were held with District Eleven representatives and Area 14 LPN representatives to discuss problems stemming from those LPN's doing private duty. A membership meeting of the LPN group was also devoted to a panel discussion of the role of the District as sponsors of a Nurses' Professional Registry with courtesy service granted to LPN's. Helen E. Peeler, NCSNA Counselor, was a member of the panel. One of the primary problems revolved around rates a LPN could charge. Area 14, North Carolina LPN Association has now voted to make it mandatory that their members must belong to their local and national organization in order to belong to the Registry. At their request this has been included in our handbook of regulations.

As of June 1 fees for both the licensed graduate and practical nurses doing private duty underwent revision. New bill heads for both groups were also printed.

The Registry currently has 60 registered nurses and 132 practical nurses as members. On an average 360 calls have been received per month for graduate nurses and 120 have been filled. An average of 530 calls per month for practical nurses have been received and 265 have been filled.

District has two honorary members.

ANA Functions Study - In February the Board of Directors met at another time and the Business Meeting was short so an entire evening could be devoted to group discussions of this issue. The results and suggestions forthcoming were forwarded to NCSNA Headquarters.

Eight hospitals in District have retirement plans in addition to Social Security coverage.

#### Outstanding Problems:

Our geographical area is not balanced throughout by population and thus the majority of nurses are within the confines of Durham

12

• 2

and Orange Counties.

We are still unable to reach or have those in Siler City, Roxboro, and Oxford reach us on a continuum and because of the numbers involved, it still seems best to concentrate on the Durham and Orange County nurses.

Problems Are Being Met By:

We have visited nurses in other areas and they would appreciate programs being taken to them, but we still have not resolved this problem.

There has been discussion as to redefining the district so it will encompass less of a geographical area and representatives from Oxford have planned to contact NCSNA Headquarters concerning their desire to change districts.

Financial Status:

Both Registry and Membership are solvent.

Progress of District Activities:

Membership promoted by members of the Committee contacting the

Directors of Nursing Service in all the hospitals in the district to encourage membership. Posters and other educational materials were used.

No concerted effort was made to recruit student nurses by the district but individual nurses have made talks to students.

The Committee on Nursing in National Defense held a few informal discussions. Colonel Thorne and the American Red Cross were contacted in regard to a new disaster preparation. The chairman of the Committee attended the Nursing in National Defense Program at the ANA Convention.

Programs of the District were devoted to improving practice.

Many articles about nursing have appeared in the local papers.

Publicity regarding our district meeting has also been in local papers.

One of our district programs was devoted to the Study of ANA Functions.

The Credentials Committee had five meetings during the year. This Committee reports 42 new members, 3 new members by transfer, 1 transfer to another district, 1 courtesy membership from District Eleven, and 29 courtesy members from Rex School of Nursing.

The PC and PS Committee reports that hospitals and Directors of Nursing Service in the area have been contacted and given information regarding PC and PS.

The Legislative Committee sent letters to the two North Carolina Congressmen who were members of the Committee considering bills regarding federal funds for hospital construction and nurse traineeships. Replies were received from both Honorable Horace R. Kornegay and Honorable James T. Broyhill.

#### Outstanding Problems:

Shortage of Nursing Personnel.

Need for increased membership in ANA.

Progress of District Activities:

Membership promoted by personal contact and through nurse employers in hospitals; senior students were invited to meetings. Recruitment of student nurses promoted by members of the District participating in high school "Career Days"; awarded two \$200.00 scholarships to high school students entering a school of nursing; members gave support and encouragement to local school of nursing; three future nurses are now receiving scholarships from the District; the District co-sponsored "Nurse of Year", with Altrusa Club of Fayetteville. Many nurses participated in classes on "Medical Self-Help", and several nurses have taught in these classes; members have participated in classes on "Shelter Management"; and the District had one program on "Civil Defense". The primary efforts in the area of Professional Practice have been in the supervision and counseling of private nurses through the Nurses Professional Registry. Members of the District appeared before civic clubs; presented

program; on panel at Woman's Club; spoke to Al-A-Non Club; several members are members of civic clubs, Woman's Club, Mental Health Association, and church organization.

Excellent newspaper coverage - notice of meetings appeared in newspaper and programs with pictures were in the newspapers following the meeting.

President obtained 160 nurses to assist with the mass Oral Polio Vaccine Immunization.

The Committee on "ANA Function Study" was very active and had one District program on the Study of ANA Functions.

Members of the District have been active on state committees and one member is now President of NCSNA; several have consented to serve as state officers, including one for president in 1965.

Four members of the District attended the ANA Convention in Atlantic City in June, and many have attended NCSNA workshops and other conferences.

One hospital has a retirement plan in addition to Social Security coverage.

Three hospitals have a forty-hour work week.

District has one honorary member.

District received a \$50 donation from the Circle Seven of the Highland Presbyterian Church, Fayetteville, in memory of a deceased member, Agnes Kelly, which was given to the Student Nurse Scholarship Fund.

#### Outstanding Problems:

Mrs. Minnie Howie, First Vice-President, won the title "Nurse of the Year" of District Fourteen, sponsored by the Fayetteville Altrusa Club.

Chairman of Section is First Vice-Chairman of NCSNA General Duty Section.

Average attendance at meetings usually higher than other sections.

#### NSA Section of District Fourteen - Mrs. Rowena Hooks, R.N., Chairman:

The Nursing Service Administrators Section of the District Fourteen

is planning a rummage sale on the Court House lawn on October 31, 1964.

All District nurses are urged to bring all clothes to the Court House on this date at 8:30 a.m.

Special effort is being made to solicit the help of Hospital Auxiliaries and other organizations.

The purpose of this rummage sale is to supplement the Student Nurse scholarship loan fund.

Private Duty Section of District Fourteen - Mrs. Amelia H. Chessser, R.N., Chairman:

The District held Bi-monthly meetings with a membership of 35 and attendance of 50%.

Programs included professional and civic.

In-Service Programs at Cape Fear Valley Hospital were attended by 33 1/3 %.

Four attended NCSNA Workshop on "Intensive Care" in Winston-Salem, April 16, 1964. Report of this was given to the Section at the May meeting.

District made a donation made to District Student Loan Fund and to Memorial donation to the Methodist College.

Two members attended ANA Convention in Atlantic City in June (Mrs. A. Chessser and Mrs. A. McArthur). Four delegates will attend the NCSNA Convention in Charlotte.

The Private Duty Section presented the program for the District meeting in April. The topic was, "History and Organization of the ANA, Its Services and Activities". During the presentation questions were asked. The critique: A short written quiz caused much stimulation among the group.

May 1964	Cook out
September 1964	Report of ANA Convention - Mrs. Lucy Brown and Mrs. Louise Blackmon, Election of Delegates to NCSNA Convention

Progress of District Activities:

Membership promoted by inviting nonmembers to visit a District meeting; by urging Directors of Nursing to encourage members of their staff to join ANA; by publicizing activities of District and NCSNA.

Membership increased from 58 last year to 71 this year.

Fees for Private Duty Nurses increased to \$16.00 per 8 hour shift. Several nurses are active in Civil Defense Organizations.

Members of the District have aided in the recruitment of nurses by speaking to high school groups on "Nursing as a Profession".

Outstanding Problems:

Lack of interest in the Professional Organization.

Travel distance of some members to the District meetings.

Problems Are Being Met By:

Publicizing District Activities

Encouraging individual participation in District activities

#### Progress of District Activities:

Meetings were held in Franklin, Hayesville, Cherokee and Bryson City to try to encourage members from each area.

Programs were mostly on understanding "Goal III" and the legislation important to nurses.

Fund raising project was a continuation of last years sale of flavoring and carving sets.

We hope to do some re-organizing in our District by having group meetings once a month in each area and once every three months all groups in the district will meet for a one day workshop; in this way encourage more members.

A call meeting of the District was held on June 30 when Mrs. Marie B. Noell and Helen E. Peeler from NCSNA Headquarters visited the District.

#### FOUR ALUMNAE ASSOCIATIONS

##### CITY MEMORIAL ALUMNAE ASSOCIATION Mildred B. Floyd, R.N., Winston-Salem, President

The City Memorial Alumnae Association has had a very successful year with 247 members. Regular meetings were held through out the year, but the main event of the year was the fourth Homecoming held on March 7, 1964.

As April of this year marked the closing of our City Memorial Hospital and the opening of the beautiful new Forsyth Memorial Hospital, over 300 nurses came "Home" to make a final inspection and visit to the old buildings, greet old friends and reminisce over by-gone days. A coffee hour was held in the morning and tours of the old hospital and classrooms were arranged for "those who wanted to see where they used to sleep."

Another feature of the morning was a "Hall of History" featuring mannequins dressed in the various style uniforms that have been used at City since its first class graduated in 1901. Also, pictures of students and doctors down through the years were on display.

The afternoon brought guided tours of the new elaborately decorated and modernly furnished Forsyth Memorial Hospital and nurses residence. Seeing all the new and modern equipment in the hospital made many nurses feel the need for further education.

Around 300 people attended the banquet that night which featured

Dr. Charles M. Norfleet, Jr., Chief of the Staff of City Memorial Hospital, as the guest speaker. Mr. B. Lee Mootz, Administrator of Forsyth Memorial Hospital, presented a service pin to the Alumnae President, Miss Mildred B. Floyd, and announced that all graduates would be given one upon request.

Although this is the final year for City Memorial Hospital, its graduates will continue to work for improvement in our profession and will help to advance the interests of the new Forsyth Memorial Hospital School of Nursing. We expect to continue as a part of the new hospital.

The other 1964 officers are: First Vice-President, Mrs. Martha Gasper; Second Vice-President, Mrs. Jeanette Alexander; Secretary, Mrs. Mildred Reich; Treasurer, Mary Reavis; and Board Members; Mrs. Betti Miller, Mrs. Dorcas Bodenheimer, Mrs. Juanita Payne, and Sylvia Kiger.

Officers for 1965 will be elected at the December meeting.

ONE ALUMNAE ASSOCIATION

HIGH POINT MEMORIAL ALUMNAE ASSOCIATION  
Hazel I. Johnson, R.N., High Point, President

The High Point Memorial Alumnae has a membership of 110. We meet in the Recreation Room of the Nurses' Dormitory on all occasions. For our Annual Homecoming which was held in July we had a tea in the afternoon, and the hospital served a buffet to the members of Alumnae at 6 p.m. in the library. We had a good number for this gathering; however our average attendance is only about 15. We have a covered dish supper and believe this gives us a chance to visit with each other.

Our programs have been interesting and helpful in many ways. We had the hospital chaplain tell us about his work in the hospital. This is the first time the hospital has had such a person and we wanted to hear about it. For one other program the pharmacist, a Cuban Refugee, told us about her work in Cuba - and also about her work at High Point. She is a registered pharmacist. In May the Executive Secretary of the Guilford County Home Nursing Service told what they had been doing to help take care of the hospital patients after they went home. For our November meeting we learned how to make many interesting and pretty Christmas decorations from one who teaches this art. We asked two of the students to give our program for the Homecoming. One sang a lovely solo and the other gave a most delightful talk on "Some Recent Changes in Our Nursing School".

Our main project is still maintaining a scholarship fund for students in our nursing school. We have one student at the present time who is doing outstanding work.

We are beginning to compile a Cookbook which we hope to get ready for sale by Christmas, and we have asked alumnae members to contribute recipes. We hope this will increase our funds and that we will be able to do more for the Nursing School. Other little projects include selling Christmas cards, etc. which adds a little to the treasury, too.

FOUR ALUMNAE ASSOCIATIONS

DUKE UNIVERSITY SCHOOL OF NURSING ALUMNAE ASSOCIATION  
Mrs. Mary Cline Davison, R.N., Hillsboro, President

The revision of the constitution of the Alumnae Association was accepted by the membership and resulted in several changes in the structure of the Association. At the annual spring meeting, which was the one major meeting of the year, the new officers assumed their duties.

In May, the class of 1963 sponsored the first of an annual lecture

series, which was enthusiastically encouraged by the Alumnae Association. Dr. Helen Nahm, Dean of the School of Nursing at the University of California, and former member of the Duke faculty, spoke on "Nursing Realities - Nursing Dimensions".

The Florence K. Wilson Scholarship fund continues to grow with contributions and with proceeds from the sale of the cookbook, Gothic Gourmet, which has been published by the Alumnae Association. This scholarship fund provides grants-in-aid to professional student nurses.

One major project for the current year is the assembling of historical material in an attempt to develop a historical record of the nursing school and the preservation of letters, photographs, clippings, etc. of value in a historical collection.

Other officers are: Vice-President, Mrs. Lynn Brice; Secretary-Treasurer, Mrs. Nancy Anderson; Counselor, Martha Lee Covington, Mrs. Lorene B. McCall, Mrs. Anna C. Painter, and Dorothy Wilkinson.

LINCOLN ALUMNAE ASSOCIATION  
Mrs. Lyda R. Betts, Durham, President

The following is a report of the activities of Lincoln School of Nursing Alumnae Association for the year October 1, 1963 to September 30, 1964.

The Association, with a financial membership of fifty-four has had nine meetings during the year. The regular monthly meetings are held the third Wednesday in each month, in the Auditorium of the Angier B. Duke Nurses' Home.

The accomplishments of the year includes the revision and printing of the Constitution and Bylaws, and setting up credentials for screening student applicants (student nurses) for the Alumnae scholarship. The membership enjoyed other various activities: provided up to one hundred dollars worth of items needed to enhance the students' living quarters; provided the School of Nursing with a portable blackboard; sponsored a student's trip to the National Student Nurses' Convention in Atlantic City in June; yearly prize for neatness awarded to a graduating student nurse; donated cheer baskets to patients in the Sanatorium; and enjoyed a family picnic in July.

The Annual Luncheon Meeting honoring the Graduating Class of Lincoln School of Nursing will be held at the hospital on Saturday, September 12, 1964.

Officers of the Association for 1964-66 are: Mrs. Joan Martin, President; Mrs. Lelia B. Miller, Vice-President; Bertha Gavin, Recording Secretary; Mrs. Emily Price, Corresponding Secretary; and Mrs. Clara M. Harris, Treasurer.

WATTS ALUMNAE ASSOCIATION  
Mrs. Ruth Hobbie, R.N., Durham, President

The Watts Alumnae Association's major project for 1964 has been to plan a Homecoming for all graduates of the school. We began the year with addresses of approximately 650 graduates. We now have approximately 1,050. The response to the Homecoming plans have been most gratifying. This meeting will be held in the Durham Civic Center on October 16 and 17, 1964.

On August 19 the alumnae gave a banquet for the Graduating Class of 1964. This class is the 64th class to graduate from Watts School of Nursing

We had 236 graduates paying alumna dues in 1964.

Ida Thompson of the class of 1904 died in December 1963.

MARY ELIZABETH ALUMNAE ASSOCIATION  
Mrs. Josephine A. Utter, R.N., President

Activities of the Association during the year were pretty routine.

The sick and bereaved were remembered in various ways. Active membership now stands at 25. A special Christmas meeting was held and the annual banquet was well attended.

The Fiftieth Anniversary of the Hospital was observed at the barbecue given by the Hospital on July 23.

The mimeographed publication, NEWS OF MEH RN'S, was continued and went to all graduates of the Mary Elizabeth Hospital School of Nursing and a number of other interested persons.

REX ALUMNAE ASSOCIATION  
Alma Kermon, R.N., Raleigh, President

The Rex Alumnae Association has held four regular meetings, plus the annual meeting, with a variety of programs. Attendance during the year has ranged from 15 to 50 members.

All members are remembered with cards, flowers or gifts during illness or bereavement.

\$100 is contributed to the Rex scholarship fund each year. Decorations for the Graduation Exercise is done each year by the Alumnae Association and membership certificates are presented to the Graduating Class.

Rex Hospital School of Nursing, the first school of nursing in North Carolina, was established October 6, 1894 and will celebrate its 70th Anniversary with a Homecoming on October 3, 1964. The Alumnae Association will also celebrate its 40th anniversary at this time. 1180 nurses have graduated from Rex Hospital School of Nursing in the past seventy years.

The Association has held regular monthly meetings with the exception of July and August with ten to fifteen members present.

The programs were most interesting and were as follows:

October 1963	Film - "Insomnia"
November 1963	Report of NCSNA Convention, Mrs. Vonnie Norment
December 1963	Covered Dish Supper, Election of officers and Annual Christmas Party
January 1964	Business Meeting, Committees appointed to serve for 1964
February 1964	"Sabin Vaccine Program for Robeson County and State Wide", Mrs. Myrtle Hall
March 1964	Film - "Family Protection and Talk on Mortality Table" by Mr. Fenton Baxley
April 1964	"Deeds and Wills", Mr. Ellis Page
May 1964	Talk - "Duties of Chaplain", Reverend William Gandy, Chaplain at Southeastern General Hospital
June 1964	Steak Supper

Sadness has struck our Alumnae with the loss of two members - Agnes Kelly, Fayetteville; and Mrs. Clara Hammonds Cole, Fair Bluff. Two members have lost their husbands and three their brothers.

The Alumnae presented to one of its members, Col. Mildred Irene Clark, Chief Army Nurse, a gold bracelet at the banquet of the NCSNA in October 1964. Red Roses were presented to Rebecca Helms, the May Day Queen, at Southeastern General School of Nursing. Sent a delegate to NCSNA Convention. Sent cards to ill and bereaved Alumnae. A linen shower given for the daughter of one of the Alumnae. Two members given poinsettias at Christmas.

Plans are being made for a Homecoming in 1965. Addresses of all Alumnae are requested to be sent to the secretary, in order, that the mailing list will be complete.

Other officers are: First Vice-President, Mrs. Mary Ella Glover; Second Vice-President, Mrs. Ruby Barnes; Secretary, Mrs. Muriel Stancil;

and Treasurer, Mrs. Elizabeth W. Davis.

The Carolina General Alumnae has a total of 46 paid members, five of whom are charter members, Myra Maxwell, Bertie Watson, Betty Rogers, Mrs. Elizabeth Davis, and Ruth Hales.

Our meetings are held on the first Thursday in each month from September through June. This year we had an average attendance of 26 members. The meetings are held in the homes of our members.

Our Program Committee has provided us with some very interesting and educational programs. Our alumnae sponsored our homecoming in June which was a great success with approximately 150 attending. We, along with the two other alumnae associations in Wilson, are providing a scholarship for a student in the Wilson School of Nursing. The alumnae entertained the graduating class at a dinner at the Cherry Hotel, Wilson. Cards and flowers were sent to our sick and bereaved. The Association was hostess to the District Eighteen Nurses Association. Sent a delegate to the NCSNA Convention, and one member attended the Biennial Convention of ANA held in Atlantic City in June, 1964.

WILSON SCHOOL OF NURSING ALUMNAE ASSOCIATION  
Mrs. Lucille B. Jacobs, R.N., Wilson, President

Other officers are: Vice-President, Mrs. Dot Mathews; Secretary, Mrs. Barbara Crumpler; Treasurer, Mrs. Shirley Dail; and Board of Directors- Mrs. Alice Adams and Kathleen Saleeby.

The Wilson School of Nursing alumnae has set up a scholarship fund for any member of the Wilson School of Nursing's senior class who needs the money to finance themselves during their final year of school.

All efforts have been made in trying to encourage all girls to join and be active in their alumni.

WOODARD-HERRING ALUMNAE ASSOCIATION  
Bernice M. Hinton, R.N., Wilson, President

The 36 members of the Woodard-Herring Nurses' Alumnae has had an eventful year. Our major goal was accomplished. This was an Album of the School of Nursing from its beginning until the close of the Hospital September 1, 1964. On September 1 the Woodard-Herring Hospital closed its doors to new admissions and the remaining patients were transferred into our new ultra-modern hospital, The Wilson Memorial Hospital, of which we and the people of the county are most proud. The compiling of pictures and data along with working with the publishers was a time consuming project especially for the committee. Sarah Scott Kirby, Vice-President, headed this project.

Other events of less importance to us personally were our programs:

November 1963	Planning Album
December 1963	Christmas Party
January 1964	Album Details

February 1964	Nurses aide course sponsored by the Wilson County Technical Institute taught by Mrs. Joyce Goforth
March 1964	ANA membership, Mrs. June Baise
April 1964	Album again, final details
May 1964	Loan fund available to a student in Wilson School of Nursing
June 1964	Presentation of <u>The Heritage</u> (album)
August 1964	We entertained the seniors of the Wilson School of Nursing in the new recreation room of the nurses home at a social hour. At this time, we presented <u>charm bracelets with nurses' cap charms</u> to the eight seniors. The presentation was made by Sarah Kirby, Vice-President. A punch bowl set which had belonged to our Alumni for a number of years was presented to the Wilson School of Nursing by the alumni president.

Other officers are: Sarah Kirby, Vice-President; Elizabeth Broughton, Secretary; and Carmen Dunn, Treasurer.

The Association has had an average attendance of 15 at meetings during the year.

January 1964	Discussion and clarification of "By-Laws"
February 1964	"Bird Respirator", Dr. G. R. Ratchford
March 1964	"Sub-cutaneous Emphysema", Dr. Sam Justa
April 1964	"Religious Significance in the Nursing Profession", Mrs. Thomas Collins
May 1964	General Business Meeting, Homecoming Reports
June 1964	Homecoming, Celebrating 50th Anniversary of Park View Hospital Nursing School, Open House -

tea and banquet

The Alumnae Association has been active during the past year. Sick and bereaved members have been remembered with cards, flowers or gifts. We were hostess twice for District meetings. We sent a delegate to NCSNA Convention. Our membership is at a record high. We have a complete up-to-date address file on all past and present Alumnae members.

ROCKY MOUNT SANITARIUM ALUMNAE ASSOCIATION  
Mrs. Susan Ennis, R.N., Rocky Mount, President

Other officers are: Vice-President, Mrs. Lucille Dawes; Secretary, Mrs. Jackie Wilhite; Treasurer, Mrs. Pauline Layton; and Corresponding Secretary, Mrs. Clyde Mann.

The Alumnae had a total of 34 members and held ten meetings with an average attendance of 12. Regular meetings are held on the first Tuesday in the month.

The Association served as hostess to District 20 once during the year. It sponsored 6 Alumnae members to the NCSNA Convention. Mrs. Elizabeth Lowrance of our Alumnae attended the ANA Convention in Atlantic City, New Jersey.

Members of the Alumnae joined the hospital staff for the Christmas party. A Valentine's party was held to honor the Sanitarium Nurses' Aides.

All sick or bereaved members were remembered with flowers or gifts.

The year was climaxed in June with the annual Family Picnic held at Sunset Park. Around 85 attended.

Summary of Meetings:

September 1963	Routine Business - Hospital dining room
October 1963	Routine Business - with Mrs. Matt Christian

ONE ALUMNAE ASSOCIATION

JAMES WALKER ALUMNAE ASSOCIATION  
Mrs. Mary Roberts, R.N., Wilmington, President

The James Walker Memorial School of Nursing Alumnae Association has met monthly except for the summer months. There are 253 members.

A Newsletter was sent to each graduate of the James Walker Hospital in January. A telephone committee was set up to help increase meeting attendance.

Sympathy cards were sent to the bereaved. Get-well cards and flowers were sent to the sick.

A wheelchair was given to a former hospital employee who had meant a great deal to the Alumnae Association.

The Annual Christmas Party was held at the home of one of the members. Christmas gifts were exchanged after the supper hour. One of the nurses' aides was selected as the needy person for the Association to help. A Christmas gift was given to the student nurses.

In January, two war bonds were found that had been lost for many years.

In May the Graduating Class was entertained with a supper. A program of slides and comments of his European tour was given by Mr. Peter Braak. Each graduating student was given a graduate cap. An invitation was extended to all to join the Alumnae Association.

At graduation exercises, the scholarship award pin was presented to the graduating student with the highest scholastic average for the three years.

It has been announced that the James Walker Hospital School of Nursing will close after the 1966 graduating class.

Plans are being made to have a Homecoming in June 1965.
